COUNCIL GIVEN BIG GUARANTEE ON SUBDIVISION

The largest performance bond in the history of Daly City was posted this week by builders Mike and Tom Callan to guarantee that they will fulfill all parts of their "Callan Park" annexation agreement with Daly City.

The \$100,000 bond was accepted for the city and filed by Mayor Frank Pacelli and City Manager Edward Frank.

Pacelli termed the agreement and bond "the best Daly City has ever gained from any builder."

Frank said that he considered the city's contract with the Callan Construction Company "an excellent agreement."

"The bond covers all of the city's needs as specified in the annexation agreement relating to sites for fire and police department buildings, a public works area and complete installation of all utilities — all at no cost to the city," the city manager said.

"The \$100,000 performance bond posted today is the best guarantee of good faith by any

builder in Daly City's history, and it is additional evidence of the intentions of the Callan Company to build the type of development that Daly City wants," Pacelli said.

"This agreement and bond give Daly City a solid guarantee that schools, utilities and civic needs will all be adequately provided for — just as the city requested — in Callan Park," Pacelli concluded.

According to City Attorney Paul Hupf, many of the main commitments of the agreement are covered by the bond.

Some of these are:

Streets will be constructed at no cost to Daly City.

Sites suitable for the construction of a water reservoir and an elevated water tower shall be given to the city at no cost to the city.

All water distribution and transmission lines, mains and pipes shall be constructed by

McKeon Airs Request To Modify Freeway— Council Stands Pat

Builder George McKeon's proposal for a "modified" freeway lateral connecting Junipero Serra to Skyline failed to budge

the city council from its already adopted stand last Thursday night.

McKeon, who has presented maps to the State Highway Division urging the modification, asked the three councilmen present last week in study session "to have an open mind on our proposal."

The St. Francis Heights developer wants the state to consider relocating the freeway lateral south of Clarinada avenue and the Christopher Columbus school site instead of having it swing up to Skyline along Clarinada.

McKeon said his suggested route "would shorten the freeway lateral by 1 1/4 miles and the costs apparently will be the same."

"This routing," McKeon emphasized, "would go through unimproved land and wouldn't bisect a developed area as the present lateral would."

Mayor Frank Pacelli, who along with City Manager Edward Frank and City Attorney Paul Hupf earlier last week were called in by the State Highway Division engineer to hear McKeon's proposal, quickly told McKeon last Thursday night that the council would not change its already finalized decision on the freeway.

"This new proposal probably would open up the entire freeway problem again and might have an effect on the routes that would do the least damage to Daly City," the mayor declared.

McKeon answered, "This is (Continued on Page 2)

New Property Tax Rate And Budget To Be Set Monday

Daly City councilmen are scheduled to adopt the new fiscal budget and property tax next Monday night in a special adjourned meeting at City Hall, 75 Wellington avenue, starting at 8 o'clock.

Residents are encouraged to attend.

City Manager Edward Frank and Mayor Frank Pacelli said they would give a complete breakdown on the new budget at that time. The council again discussed budget cuts late Monday night in study session.

The city manager's budget recommendation, as published earlier, calls for a \$1.48 tax rate, an increase of 58 cents over last fiscal year. The proposed budget totals \$2,206,809 compared to \$2,165,485 for fiscal '59-'60.

City Treasurer Lewkowitz Hurt As Car Pins Him

Daly City Treasurer Joseph Lewkowitz was injured last Saturday evening at 8:50 p.m. when a car slipped from the hoist at his gas station, 3356 San Jose avenue, pinning him against a work bench. He worked himself free and was driven to St. Joseph's Hospital in San Francisco by his wife, Sally.

Lewkowitz, 51, 501 Vista Grande avenue, said Monday he hoped to be home "in a couple days." The treasurer and Jefferson Elementary District trustee said x-rays showed that he might have a slight fracture. He is able to walk a bit though his back is black and blue from the tremendous impact of the auto.

Lewkowitz said he was unaware that the car on the hoist didn't have brakes. "The bumpers on the hoist held the car from going completely through the apparatus and harming me seriously," he said, adding, "God was with me."

\$1 Polio Shots Again Saturday

Polio shots — first, second, third and boosters — will be administered again this Saturday, July 16, at Benjamin Franklin School auditorium, 700 Stewart avenue in Colma.

The injections will be given from 9 a.m. to 4 p.m. on a "no reservation" basis. This is the third in a series of polio days sponsored by American Legion Post 824 of Broadmoor. This spring, the Legion inoculations here totaled 2781 for two days a few weeks apart.

Commander Dick Napoletano of Post 824, who recently succeeded Ken Phillips as leader of the unit, reminds that the shots cost only \$1. Volunteer doctors and nurses donate their time, assisted by the Legionnaires and their auxiliary. Napoletano's wife, Dolores, is the new president of Post 824's auxiliary — the first time in the unit's history that a married couple have held the offices at the same time.

FOUNDATIONS are taking shape for new \$334,615 George Washington Elementary School between Whittier and Lowell streets on Daly City's east side.

BUILDER Mike Callan (left) posts a \$100,000 performance bond with Mayor Frank Pacelli to guarantee his part of the annexation contract between

the city of Daly City and Callan Park Homes. The \$100,000 bond — largest in Daly City's history — backs up Callan's agreement to provide at no cost

to Daly City all streets, storm sewers, utility systems, and sites for civic needs. Pacelli termed the contract and bond as the best Daly City has ever

gained from any builder. Tom Callan Jr. and City Manager Edward Frank watch the mayor accept the Callan bond.

19 Cents Boost In Sewer Tax Nears Approval

Directors of the North County Sanitation District will finalize their new fiscal budget in a meeting next Monday morning at the Westlake headquarters building.

Chairman Bob St. Clair said the board Monday tentatively approved a new budget totaling \$205,000, including \$165,000 set aside for capital outlay improvements, and necessitating a 19 cents tax increase over the present rate of 20 cents per \$100 assessed valuation.

St. Clair attributed the tax hike to a two-year capital improvements program which calls for the addition of a new digester and grit remover at the Westlake plant. He explained that presently the district's facilities are overloaded and that the new digester and grit remover are "vital if the district is to accommodate this volume and continue to operate efficiently."

(Continued on Page 2)

VALUATION JUMPS \$15 MILLION

J.U.H.S. Budget Calls For Slight Tax Increase

Jefferson Union High School District trustees learned Monday evening that the district's assessed valuation is \$15,358,495 higher this year, and announced that the tax rate would rise by five cents even though the general purpose tax of \$1.35 would remain the same as it has been since 1947.

Superintendent Edward Morgan told trustees that the maximum general tax rate of \$1.35,

in effect here, is the lowest rate in San Mateo County and one of the lowest in the Bay Area.

Morgan continued, "We have had this \$1.35 tax rate since 1947 when our assessed valuation was \$13,600,000. Next year our assessed valuation will be approximately \$101,438,525. This is a \$15,358,495 rise over last year's rate and is a climb, in one year, of more than we started with in 1947."

The Superintendent noted that this year's tax rate of \$1.47 would go up a bit to \$1.52. He stated, "This 5 cent rise is almost entirely due to the state readjustment of county tax rolls."

Four cents of the rise is due to the money lost through assessment practice, (the State will not give this amount to districts within San Mateo County this year) with a half cent rise in both teacher's retirement and social security.

Another facet brought out at last Monday's budget study session (Continued on Page 2)

\$1.7 Million In Construction Here Last Month

New construction valued at \$1,713,430 was begun in Daly City during the month of June when the public works department issued a total of 124 building permits.

The June total compared to the city's 1960 high in February of \$2.5 million in new construction and the May figure of \$2.2 million.

Maurice Clark, assistant city building inspector, issued the following breakdown on the individual permits for June:

Seventy-nine new dwellings (75 by McKeon Corporation, plus two at 60 and 64 Vendome avenue, one at 122 Flournoy and another at 688 Templeton), total value \$1,132,571.

Thirty-five dwelling alterations, total valuation \$48,109. One new Doelger apartment building, 96 units, at 150 Coronado avenue (behind Westlake Bowl), valued at \$512,000.

One new commercial building (ticket booth) at trampoline center, Hillside and Market streets, \$400.

Two commercial alterations, \$3100.

Three signs, \$1500, and one retaining wall, \$250.

Permit for two temporary classrooms at Our Lady of Mercy school in Westlake, valued at \$15,000.

Women, 29, Drowns In Pool Accident

Daly City police recorded the late Sunday evening death of a 29-year-old woman in a Westlake swimming pool as "accidental drowning" in concluding their investigation yesterday.

Georgia Lee Barnes, who lived in Watsonville and was staying at the apartment of a perfume salesman, was found floating head down about 11:50 Sunday evening by two tenants of the 300 Park Plaza drive building.

The coroner's autopsy produced no signs of violence or evidence of foul play. Police Lieutenant Bruno Conci and Sgt. Jack Walsh believe the diminutive victim had been drinking. They found a glass full of liquor on a table near the pool and an opened bottle

of Scotch in her apartment, No. 40.

Her 11-year-old son said he stayed up until 10 p.m. and that his mother was reading in the apartment when he last saw her. Police theorized that Mrs. Barnes decided on a late swim and awkwardly met disaster.

Sydney A. Levey, 64, of apartment No. 33, told police he heard noises from the pool about 11:30. He looked out and saw Mrs. Barnes and also a dark-haired man at poolside. Shortly past midnight, Levey again looked out his window and spotted Mrs. Barnes floating in the water.

Levey and Robert Davis, 37, of apartment No. 11, rushed to the pool and the latter jumped (Continued on Page 2)

El Cerrito Mayor Cites Advantage Of Commercial Expansion There

"Our city sales tax revenues have more than doubled since the new shopping center opened," Mayor John Conway of El Cerrito reports.

Conway said that El Cerrito is starting a fund from sales tax revenues for financing future capital improvements in the city. He named this as the principal effect on El Cerrito from a controversial commercial expansion that began in that city about two years ago. City Manager Kenneth Smith said that sales tax revenues jumped from \$135,000 in 1957 to \$308,000 in 1959 when the center was in full operation. Conway and Smith said that the \$8 million El Cerrito Plaza is now supporting a large part of residential section of their city.

They agreed that a development the size of the \$37 million Callan Park Center planned for Daly City would support many thousands of homes and would probably also provide revenue to build up a reserve fund for civic improvements.

"We've set aside 25 per cent of our sales tax revenues for capital improvements—new police facilities, storm drains, a fire department building and a city library," Conway said.

"The center hurt some small marginal businesses in the immediately surrounding blocks, but after the first year the old business district started to pick up," he said. "The center brought so many new shoppers into El Cerrito that our older businesses ride on the coat-tails and are now doing better than ever before."

"Land values have gone up near the center, and many older business places are modernizing and dressing up their stores to meet the competition. This all makes the city richer," Conway said.

Conway said that a modern center adds no burden to the fire department. "Those are the best built buildings in the city," he said. "They aren't a problem for the fire department."

Bicyclist Injured In Westlake

George Joseph O'Connor, 12-years, 40 Oakmont drive, was treated for bruises to his leg and a scratch on his thumb Sunday afternoon after driving his bicycle into an auto stopped at Southgate avenue and Crestwood drive.

He was transported to Junipero Serra Hospital by Harley Laver, 1049 South Mayfair avenue. The driver of the stopped auto was Joan Kathryn Crosby, 17, 219 Westbrook avenue, a utility typist at a bank.

Officer Richard Phillips did not hand out any citations.

Thirty-two Seniors To Graduate From Summer School

Mrs. Ann Eason, Jefferson High School District trustee, will hand out diplomas to 32 youngsters who will graduate from summer school on August 15 at 11:30 a.m. at the Westmoor Little Theater.

Summer School Principal Bob Watt said that 28 of the 32 graduating seniors requested the ceremony. Superintendent Edward Morgan said the graduation of the youths was contingent upon their passing courses between now and August 15.

While you're writing checks for monthly bills, write one to yourself, and buy a U. S. Savings Bond with it. In just 7 years and 9 months it will return you \$4 for each \$3 you put in.

COUNCIL NIXES

(Continued from Page 1)
(Callan Park) which should benefit Daly City with its shopping center and sales tax revenues. We aren't like South San Francisco with a lot of industry. All we can depend on is shopping centers and sales tax in large developments to help our tax base. If the people in your area (on Second and Third avenues and farther south) all want to come into the city and we can count on some sort of a shopping center to go along with a larger type annexation, then I'm sure the council will be interested," St. Clair finalized.

Karp's argument was that his "1 million apartments will increase Mission street business" and "apartments don't require as many services as homes do."

Councilman Michael DeBernardi explained the council's policy "adopted about four years ago as being against annexations where only half-streets are brought in."

"If you recall," DeBernardi told fellow councilmen, "we have vetoed two such half-street annexations since then, but later these same petitioners had their annexations approved because they came back with more property on a full street basis."

Clardella complained that he thought he deserved some consideration as "a resident of Daly City 39 years and a businessman here who wants to build a new home for my family."

He termed the council's negative position "unfair," but was again urged by the mayor to see if his neighbors might be interested in annexation to Daly City in large numbers.

Clardella answered that most of the people in the county area "are old folks who have no desire to come into the city."

J.U.H.S. Budget

(Continued from Page 1)
sion is that though the assessed valuation gained, the assessed valuation behind each youngster will go down. Each child was backed by \$29,488 this year but next year the corresponding figure will be \$27,929. This is a loss of \$1,015. Morgan said this drop was due to more students attending high school here.

Average daily attendance was 3213 last year but is expected to be 3895 next Fall. This is an increase of 681 per day.

Morgan said next year's deficit budget would require that the district expend approximately \$140,000 from cash reserves.

Final adoption of the budget will take place on August 1 at 8 p.m. at the J.U.H.S.D. meeting at 375 South Mayfair avenue. In addition, Morgan said the complete budget would be published in Marchbanks Publications newspaper The Record.

For further information contact the playground leaders or the Park, Beach & Recreation Department at FL 5-3467.

Ring, Sterling Silver Bank Gone From Apartment

Larry Dolgin, 380 Lake Merced boulevard, apartment No. 20, a salesman, reported to Officer William Schumacher that a sterling silver bank worth \$50, \$30 in cash, and a wedding ring valued at \$150 were stolen from his residence between 6:30 p.m. Tuesday and 12:20 a.m. Wednesday.

Dolgin said a large heavy sterling silver bank with \$30 inside was taken as well as a wedding ring having eight diamonds and rubies.

Schumacher said the thieves apparently entered via the backroom window, knocking over a bed stand lamp as they did so. They spread out the jewelry from a container and then took just the ring and bank which was on the dresser.

WOMAN DROWNS

(Continued from Page 1)
in and pulled the woman out. She was wearing a black and white bathing suit.

Levey summoned police, with Officers Ralph Warren and Robert Stables responding along with Fire Batts. Chief Wayne Alexander and four firemen with a resuscitator. Stables tried artificial respiration, then the firemen took over with their equipment. A few minutes later the woman was pronounced dead on arrival at Junipero Serra hospital.

Tuesday morning, Walsh said he had located a couple who were in the pool about the time the victim was there. Their story was that the attractive widow apparently was alone and may have fallen into the pool and lost consciousness.

The apartment in which Mrs. Barnes was staying is registered to Arthur Willison, salesman for a perfume manufacturer, who later was reported to be in Southern California on a vacation trip.

The victim's son was placed in custody of his aunt and uncle, Mr. and Mrs. Harold Morris, of Watsonville.

\$100,000 Bond

(Continued from Page 1)
the Callan Park developers without fee or charge to the city.

Two acres will be given to the city for a fire house, police station and public works area.

A separate water rate structure, different from that applicable to the rest of Daly City, will be established so that present residents will not pay more for water.

All school sites deemed necessary will be made available to the South San Francisco Unified District or the Jefferson School District, whichever gains jurisdiction, and the school district has final say on what constitutes adequate sites.

Freeway Bid

(Continued from Page 1)
not the case, at all... we are not asking a change in any of the routes... but we have asked the state to consider our idea."

Councilmen Joseph Verducci and Edward Dennis echoed the mayor's declaration that the freeway matter was settled as far as council action is concerned.

Said Verducci: "We are on record for the Junipero Serra and lateral routes and we can't afford to vacillate. Your proposal (referring to McKee) seems to be late, and unless you can provide us with evidence essential enough to change our position, I don't think the council can do so."

Pacelli then reminded that McKee's newest proposal was "similar" to the Y-T freeway lateral which the state ruled out because of higher costs and the need of a tunnel to connect the lateral to Skyline boulevard.

The city attorney pointed out that the council, by resolution, "already has confirmed its position on local freeway routes and waived its right to further hearings before the highway commission."

McKee concluded that all he was attempting to do was apprise the council of his recommendations to the state.

The lateral route supported by the council will run just south of Clarinda avenue and connect to Skyline. McKee estimates that this routing will mean the loss of about 175 lots south of Clarinda to the state. Price of this land is expected to be over \$1 million, according to the council.

Councilmen Michael DeBernardi and Bob St. Clair were absent when McKee appeared at last week's study session.

Callan Explains Timetable On Thornton Beach

Development of Thornton Beach in Daly City by the State Division of Beaches and Parks in the late summer and fall was announced today by Supervisor Chairman Thomas Callan after conferring with state officials.

The recent court decision clarifying the status of the Old Coast Highway makes it possible to proceed immediately with the construction of access roads to the beach area, Callan said.

At the request of the Board of Supervisors, Senator Dolwig sponsored legislation making available \$200,000 for development purposes. Final plans are being completed for the construction of access road, parking facilities, two rest rooms and dressing rooms, and picnic areas. The entire development should be completed in time for the summer season in 1961, according to Supervisor Callan.

Goods Valued At \$375 Taken From Westlake Residence

Mrs. Maurine Friedman, 30, 5 Park Manor drive, told Officer Harold Tunnell last Saturday that \$375 worth of jewelry and cash had been taken from her home sometime during the past three weeks.

Mrs. Friedman said that miscellaneous jewelry worth \$100, a ladies wristwatch valued at \$150 and \$125 in currency had been stolen. She said the house is for sale and has been left open many times by real estate people.

Tunnell noted that a neighbor had seen two juveniles leaving the house last Wednesday.

Burglars Go 'Door To Door' To Get \$500 From Tavern

Burglars had to pry open three doors but ended their quest for money by taking \$500 from Gino's Club, a tavern at 7123 Mission street, between 2:30 and 5 a.m. last Sunday.

Node Taddie, an employee at the club, reported the break-in to police. Officer Robert Stables said the thieves pried open three doors before gaining entry to the main bar area. Owner Gino Baldocchi, 515 Miller street, South San Francisco, said \$200 was taken from the register and \$300 hidden in the storeroom was also missing.

North Bridge Woman Staying Here Taken To Local Hospital

Ruth Gore, 19008 Nordoff street, North Bridge, California, staying at Cabin 46 of the Mission Bell Motel, was transported to Junipero Serra Hospital by Silva Ambulance Tuesday at 11:35 a.m.

The woman complained of severe abdominal pains. Firemen from Company No. 2 responded and rendered first aid until the ambulance arrived. Officer John Van Otten represented the police department at the scene.

COUNCIL HEEDS CALLAN PARK SCHOOLS INQUIRY

Daly City councilmen Monday night said they would heed the request of Mrs. Marianne Hedrick, 364 Bellevue avenue, who took the floor from the audience and asked for more facts on school provisions in Callan Park.

Mrs. Hedrick said that although she signed the petition for a referendum vote on the annexation she feels "Callan Park will be good for Daly City... but I think a lot of us would like to know how long it will take for schools there and under whose jurisdiction they will operate."

Councilman Bob St. Clair suggested that County Schools Superintendent James Tormey be invited to appear before the council and citizens here to explain the Callan Park schools outlook.

Councilman Joseph Verducci followed Mayor Frank Pacelli's comment "that this would be a good idea" with "I think both Daly City school districts should be notified of our intention to invite Tormey."

In other matters Monday evening, the council:

1. Referred a petition from 18 residents of Irvington avenue to city's traffic committee regarding proposal for limited parking.

2. Heard tavern proprietor George Kirchhubel's request that council ask board of supervisors to take initial legislative steps for authorization of municipal court in Daly City to serve this city, Pacifica, Broadmoor, Garden Village and the town of Colma. DeBernardi suggested that Pacifica and the Broadmoor Association be "sounded out" for their reactions to this proposal.

3. Held over for more study second reading of new ordinance on recently annexed Fuchs-Olesee property north of M. Pauline Brown School. Water service is the main problem in this area and attorney Dick Lyon appeared on behalf of the owners to ask that they be allowed to use the higher rate California water instead of the city's supply. The city has a water main in the area but eventually will have to put in an additional transmission line to provide water to other residents in case of additional expansion through possible annexation. Lyons said he didn't think the city could "compel" these people to use city water and "we don't use much anyway" on the Fuchs-Olesee property (used as a garage operation). DeBernardi said he would like to see the builders agree to pay for their share of an eventual line through this area. The mayor ordered the matter continued for more study and a recommendation by the city manager.

4. Heard over for more study second reading of new ordinance on recently annexed Fuchs-Olesee property north of M. Pauline Brown School. LEGAL ADVERTISING

NOTICE OF TRUSTEE'S SALE

On Thursday, the 11th day of August, 1960, at the hour of 11:00 a.m. of said date, at the City Hall, 400 Grand Avenue, City of South San Francisco, County of San Mateo, State of California, at the main entrance of said building, on the first floor thereof, B. H. Freeman, as substituted trustee, will sell at public auction to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following real property, situated in the City of Daly City, County of San Mateo, State of California, and described as follows, to wit: Lot 27, Block 122, as designated on the map entitled "WESTLAKE UNIT NO. 8D, DALY CITY SAN MATEO COUNTY, CALIFORNIA," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on April 25, 1956 in Book 44 of Maps at pages 48 and 49.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by Milton L. Vasquez and Rae Anne Vasquez, his wife, to California Pacific Title Insurance Company, a corporation, as trustee, for the benefit and security of Lawrence W. Johns, dated April 30, 1958 and recorded on May 16, 1958 in the office of the County Recorder of the County of San Mateo, State of California, in Book 3393 of Official Records at page 263 (42422-Q).

Dated: July 7th, 1960

B. H. FREEMAN,

As Substituted Trustee
BARTON and HEHR
333 Hayes Street

OBITUARY

Carrie M. Kasper

Funeral services Tuesday afternoon at W. C. Lasswell's paid final tribute to Carrie May Kasper who lived at 20 Forest Grove drive in Westlake. She died July 10 at her home.

She was the wife of the late Jack L. Kasper, mother of Leslie H. Kasper of Daly City and the late Elma Kasper, sister of Charles Shade, Mrs. Nellie Hartman and the late Fred, Louis, Harry and Arthur Shade and Mrs. Belle Zelle, and the grandmother of Leslie Adele Kasper.

Burial was at Olivet Memorial Park.

Council Actions Monday Evening

The city council Monday night approved business licenses for five more establishments on the east side of Daly City.

They are: Pebble Palace, lapidary and jewels, operated by A. L. Lansdowne, at 172 School street; Rual's House of Beauty, 7119 Mission street; Panos Motors, used car lot, 6674 Mission street; Civic Reading Club, magazines, M. C. Jarratt, 135 School street, and Jo's Grocery, 202 School street, Josephine Morrow.

In other routine action, the council:

1. By resolution adopted list of polling places and appointed election workers for August 16 special referendum on Callan Park annexation. There will be 38 consolidated precincts, same number as were authorized for municipal election earlier this year.

2. Approved city's agreement for membership and representation in Association of Bay Area Governments. Each city council and board of supervisors sends representatives to periodic meetings for discussion of Bay Area problems and projects.

3. Renewed for another fiscal year joint-use recreation agreement with Jefferson High School District.

SEWER TAX

(Continued from Page 1)
The new digester and grit remover will cost approximately \$230,000, with \$115,000 earmarked in the new budget toward this project. About \$50,000 of the new capital outlay proposal is for any contingencies that may arise the next 12 months, St. Clair said.

The district's maintenance and operation and salary expenditures in the new budget total \$97,575.

St. Clair said the district entered the new fiscal year July 1 with a reserve balance of \$98,434 and a construction reserve fund of \$29,846. Part of this reserve will be used for capital outlay, thus the total budget is figured at \$205,000.

EX-RADIO MAN

(Continued from Page 1)
moved to Daly City a year ago with their three boys—Jerry, a sophomore at Westmoor; Steven, 11, student at St. Gabriel's, and Mike, 6, who attends Thomas Edison Elementary.

Gore said he was "happy over the appointment to the planning commission because I am interested as a family man in the future of my community."

Two Arrested For Tampering With Car On Bellevue

Two Daly City men, a sound technician and an electrician, were arrested on auto tampering charges last Thursday evening.

Released on \$52.50 bail and scheduled to appear in South San Francisco Municipal Court last Tuesday were Irwin G. Wong, 20, 154 Abbott avenue, and Thomas S. Guerrero, 23, 293 Los Olivos avenue.

Wong, an electrician, admitted the theft of a chrome headlight rim from the auto of Arthur Morrison, 312 Bellevue avenue. Guerrero admitted he was with Wong. Officer Jim Bergstrom made the arrest, finding the two men approximately four blocks from the scene of the theft at Templeton avenue and Peoria street.

Wong, an electrician, admitted the theft of a chrome headlight rim from the auto of Arthur Morrison, 312 Bellevue avenue. Guerrero admitted he was with Wong. Officer Jim Bergstrom made the arrest, finding the two men approximately four blocks from the scene of the theft at Templeton avenue and Peoria street.

Wong, an electrician, admitted the theft of a chrome headlight rim from the auto of Arthur Morrison, 312 Bellevue avenue. Guerrero admitted he was with Wong. Officer Jim Bergstrom made the arrest, finding the two men approximately four blocks from the scene of the theft at Templeton avenue and Peoria street.

50th ANNIVERSARY

MISS DALY CITY (Bonnie Jensen) reminds residents that community-wide participation is essential to make Daly City's 50th birthday celebration in May of 1961 a successful endeavor. Bonnie, who vies with 15 other Peninsula girls for the Fiesta "Dream Girl" title at the County Fair next week, will have a leading role in the city celebration. If she wins the county contest next Thursday evening, she'll be eligible for the State Fair "Maid of California" contest.

THE RECORD photo

Casentini Urges Columbus Day Queen Signups

Applications are still being accepted for young girls who want to compete in the annual Columbus Day Queen Contest, discloses Dan Casentini, president of the Italian-American Federation of San Mateo County.

Any girl 16 years or over interested in participating in this contest is urged to call Casentini at Plaza 6-4521 or Roy Barghini, contest chairman, at Plaza 5-5658. In the southern part of the county call Mrs. Mattei, Diamond 3-1297, or Mrs. Quilici, ULmar 1-1556.

The lucky girl who will finally be crowned Queen Isabella will be awarded a beautiful gift, a percentage from ticket votes sold, and the high honor of reigning over the Festival, Coronation, Banquet and Dance on Sunday, October 9.

Casentini emphasizes the fact that all proceeds from the Queen Contest will go to the San Mateo County Crippled Children and Adults Society.

Barghini, of Daly City, states that young girls are presently vying for queen, but the need for more contestants is urgent, because of the worthy and charitable deed of the Federation.

Every community and its citizens will certainly want to contribute to the crippled children and adults, for by buying the votes from the girl contestants, they are directly voting their help to the unfortunate ones of our county, Barghini urged.

W'LAKE WOMAN 71, DIES IN APARTMENT

Carrie M. Kasper, 71 years old, 20 Forest Grove drive, apartment 9, was reported as dead on arrival last Friday at her residence by the examining physician.

Officer Charles Munday responded to a call from Sally Hammer, apartment 8 of the same address, who said she had not seen her neighbor for several days. She said she peered through the venetian blinds and saw the woman lying on the bathroom floor.

Munday got a key from Lou MacAngo of the apartment rental office and gained entrance. He said the woman had been dead several days. The remains were removed to Lasswell's Mortuary.

Trustees Approve Oceana Subdrain Change Order

Trustees of the Jefferson High School District approved a change order covering the installation of subdrains in the building area of Oceana High School at the cost of \$15,071.10 last Monday evening.

A second portion of this work, located in a southerly direction and costing \$36,000, is to become an alternate in the general construction contract.

The change order was passed after two members of the State Department of Finance, Robert S. Vierra and George Low, visually inspected the excessive water problem. Superintendent Edward Morgan said the \$30,000 plus subdrains would be paid for through state funds. Board members also approved the Oddstad Agreement, to share half the cost with Andrew Oddstad's firm for a sewer connection from Terra Nova High School to Linda Mar boulevard. Total cost is \$35,000.

Housewife Refutes Arguments Against Annexation Merits

Dear Editor:

For the benefit of Mr. Leland Miller, who said in a letter last week that he wondered if Mrs. Mayre Albert is fictitious, I'd like to state that I am Mrs. Albert, I live at 3 Royce Way in Daly City, and I am not fictitious.

I am on the register of voters for Daly City, and so is my husband. I have lived in Daly City for 10 years. I lived on Brunswick street for six months when my husband and I first came to Daly City. Then I lived across the street from City Clerk Evelyn Mosman for 6 years at 233 Hillcrest, and she will tell you that I am not fictitious. I have lived on Royce Way for 3 1/2 years, and I'm proud to be a resident of Daly City and don't like being called fictitious.

I have a couple more points that I would like to clarify in Mr. Miller's letter, then I want to answer his questions.

First, Mr. Miller said that I stated that Daly City would enjoy \$69,000 net from taxes as a result of annexation of Callan Park. I did not say that. I said that Daly City gained that much in taxes yearly from Westlake. Please read my June 29 letter again—carefully—Mr. Miller.

Second, if you think that I am fictitious, then you haven't been to very many City Council, School Boards, Planning Commission, Park and Recreation or any other government meetings around here in the last few years—because I've been to every one of them. Or, if there were two on one night or if I was sick, then my husband has gone. And I know that if you are really interested in Daly City government, then you just got interested lately if you don't know me.

Now since Mr. Miller is concerned about how much Callan Park will cost Daly City, I will refer him to an independent survey by Griffenhagen-Kroeger, Inc. who report that Callan Park will earn over \$400,000 per year for Daly City, and that is after subtracting out all possible costs to the city.

Since Mr. Miller might think that Griffenhagen-Kroeger are fictitious too, their address is 64 Pine street in San Francisco and their phone number is GA 1-3412.

Mr. Miller wanted to know about what services would cost for Callan Park. Well here they are: Two police companies—\$74,000. Two police beats—\$57,000. Building inspection—\$25,000. Recreation services—\$20,000. Library services—\$20,000. Overhead and general administration (figured as 20% of above)—\$40,000.

This totals about \$238,000 output.

To balance it, we will receive: Property taxes—\$187,000. Personal property taxes—\$28,000. Sales taxes—\$105,000. Building inspection and other fees—\$30,000. Water service profits—\$26,000. Gasoline tax subvention—\$25,000. Motor vehicle in-lieu subvention—\$44,000. Miscellaneous fees—\$12,000.

This totals \$457,000 income. That is a profit of \$219,000 to the city right at the start, and when the shopping center is completed, the city should receive another \$300,000 every year in sales tax revenues. In the long run we will have a net profit above all costs and services of more than \$400,000 per annum.

Mr. Miller also wants to know what additional city buildings will be needed. Well, Mr. Frank at the city hall says that we won't know until the shopping center and everything else is all in there, but surveys show that no new city facilities will be needed immediately.

Space is left for four school sites in the developer's land use maps, but the area may need only three schools. Mr. Foster of the Elementary School District said that they will make a report on Callan Park at their School Board meeting on July 18, so I suggest that you go there, Mr. Miller. I can assure you that I will be there. Mr. Foster says that he hasn't got the figures compiled on what the schools would cost or how many teachers will be needed, but whatever the schools do cost, he says the state will pay about 80 percent of it.

Mr. Miller also said that due to the increased population of Daly City the tax rate is going up this year, and he says that with the Callan Park population it would go up again. But he isn't saying anything about the fact that increased population raises taxes only when there are no added business or industrial areas to go along with it. Callan Park would add a third major commercial center to Daly City, and it will earn enough revenue to support not only the homes in Callan Park, but also a large number of residences in other parts of Daly City, too.

Sincerely,
Mrs. Mayre A. Albert
3 Royce Way
Daly City, California

MAIL BAG

Homeowner Poses 'Cost' Questions On Callan Park

Dear Editor:

(Regarding Mr. Logan's letter of last week...)

Perhaps Mr. Logan would like to explain "when" the proper time to protest should take place—after the annexation is an accomplished fact? He states "Right after the Public Hearing (closed) the City, owners and contractors all conferred in public hearings... and none of these 'public bodies' complained after they found they would have their say in study sessions and hearings."

Let me say that the owners, contractors and sub-contractors with vested interests who filled these hearings were not "public bodies." Anyone else, public or private, would be wasting time protesting that which was already done. Theirs was the burden of making what plans they could in the public interest. In regard to the schools it meant very definitely that the Jefferson School District would have to revise all current projection, and accept into its school district the responsibility of providing schools (elementary, intermediate and high schools) for Callan Park, and at a time when our high school is on half-sessions!

The referendum petition has at least put it up to a vote of the people, should citizens be labeled and referred to as unprogressive simply because they believe in the democratic way?

Mrs. Garrison's statements about the city's responsibility once the annexation is voted in is correct. The city must repay for Public Works such as water transmission lines, installed by the developers (a six-figure item). Our engineering staff must check maps and go on the land to see that specifications are being lived up to. Our Fire and Police Departments must respond to any conflagration within this area. The Police Department must exercise jurisdiction and be responsible, as well, for an additional three miles of new highway liability (accidents), maybe the worst three miles in the county. These are just a few instances.

Mr. Logan states the "city doesn't have to worry about the schools because the Callans have to provide sites." At what cost sites? How many more teachers salaries and administrative costs? The city and the Callans may not worry about the schools, but many with children on half-sessions are very worried, you can be sure!

It is a little ironic that Mr. Logan can assure Mrs. Garrison or anyone else of the "good bargain the city has made with the Callans," since more is unknown about it than is known. As to the signed agreement, the City Attorney has explained that it is subject to legality.

As to the "extra" taxes that will be levied on the Callan Park residents, it challenges one's imagination to find one segment of our city, paying twice the taxes of another with the same assessed valuation.

If Mr. Logan would "investigate" a little further, he would find that in former surveys ordered by the Council and paid for by the City, the recommendations were for no further expansion to the south, but stressed urban renewal and consolidation of what now constitutes the Daly City area.

Very Truly Yours,
Leonard J. Brown
127 Wilshire avenue
Daly City

Annexation Termed 'Wonderful Benefit'

Dear Mr. Bradshaw:

I sincerely believe that the annexation of Callan Park to Daly City would be a wonderful benefit to us all.

We don't have very much industry in Daly City to support our city government and schools, so we have to depend on our business districts to relieve the tax burden.

That is why I think that we should annex Callan Park. It will add a third major business district to Daly City and will help us to finance our schools and our city government.

Respectfully,
Fernando Ferrario
366 90th Street
Daly City, California

Chile Consul Cites DC Students' Help

(Editor's Note: Following letter was received last week by Superintendent Richard Foster of Jefferson Elementary School District from Chilean Consul in San Francisco.)

Dear Sir:

Allow me to express my deepest appreciation for the kind donations made by the children of Jefferson Elementary School District in the amount of \$845.06 to help the educational rehabilitation of my country.

You may be certain that this contribution will reach the schools affected by the recent earthquakes promptly, and that it will be put to good use.

Sincerely yours,
Eugenio-Ovalle-Devoto
Consul of Chile
San Francisco

Resident Requests Annexation Backers To Explain Costs

Dear Editor:

The letter in your paper dated July 6, 1960, written by Leland Miller concerning the Callan Park annexation, is 100 percent correct.

The tax income is by no means a "windfall" as some people think. The tax income from residential property (single family dwelling) is not enough to send one child to school for a year, let alone pay for other city services.

The solution to the whole problem is to actually figure how much tax income will be produced by the new development and deduct the costs of all the services which the tax money will be used for. The estimate should be reasonably accurate because there are now two good comparable subdivisions in Daly City—St. Francis Heights and Westlake. The completed survey should be printed in the local newspaper. Until this is done, I am against any more residential annexations by Daly City.

The reason, I believe, Callan wants Daly City to annex this new development is because Daly City will permit lot sizes of 33 front feet. If South San Francisco got the Callan Park annexation, they would insist on 50 front foot lots. In other words, Callan could build one-third more homes if Daly City annexes this land. I am not against this annexation for this reason.

I say let them prove to me and all Daly City citizens that this new development is capable of supporting itself. When this is done to my satisfaction, I will be all for it. Until then, let South San Francisco have it!

If you were going to buy some income property, you wouldn't be only interested in the income. You would want to know all of the expenses as well as the risks involved. The same principle applies to the Callan annexation; what is the potential tax income and what are the total expenses?

If it can be seen that the tax income exceeds or even equals the outgo, I am sure the annexation will be approved. Until this is shown to me in black and white, I am against annexation.

Sincerely,
John L. Perry
420 El Dorado drive
Daly City

Miss Daly City Receives Gifts From Merchants

Bonnie Jensen, the Westlake beauty who will carry Daly City's hopes in the San Mateo County Fair "Fiesta Dream Girl" contest, July 21, was amply rewarded by local merchants when she won the "Miss Daly City" title last month.

Chamber of Commerce President Louis Pisani today released a list of Bonnie's prizes, as follows:

A play dress set, from Franklin's, 64 Westlake court; a sweater, Leslie's Dress Shop, 2368 Junipero Serra, haircut and shampoo set, George's Beauty Shop, 6133 Mission street; haircut and shampoo set, Capri Beauty Shop, 6446 Mission; \$30 merchandise order, Westlake Merchants Association; bottle of cologne, Westlake Medical Pharmacy; the "latest" from Chanel No. 5, McGraw's Pharmacy, 6300 Mission; shampoo and hair styling, Esther's Beauty Salon, 139 School street; cologne and bath set, Broadmoor Pharmacy, 2388 Junipero Serra; merchandise order (Westlake Merchants Association) Art Colvin Realty; \$20 cash, Callan Builders, 2790 Junipero Serra, and merchandise order (Westlake Merchants Association) from Doelger Corporation.

The Chamber of Commerce gave Bonnie a new bathing suit, a \$20 merchandise order, and will pay her expenses in the forthcoming county contest.

EASTMOOR-SERRA TRAFFIC SIGNALS 'OK' DUE SOON

Long-sought traffic signals for the perilous Junipero Serra-Eastmoor crossing may become a reality before summer is out, City Manager Edward Frank reported today.

Last week the city manager met with Charles Nordfield, state traffic engineer who made another check of the dangerous intersection and agreed that signals are warranted.

Since a major freeway interchange is master-planned for this spot, Frank said the state no doubt would authorize temporary signals—at an estimated cost of \$16,000 to \$20,000.

Daly City officials have coordinated the project with the county engineer because the crossing is on county land and at least one-third of the cost is expected to be borne by the county.

AROUND TOWN

By ROY HURLBERT

CONTRACTOR Lyle Ingersoll succeeded monument maker Elio Fontana as chairman of Jefferson High School District's board of trustees by 3-2 vote.

Lyle got the reorganizational ball rolling by nominating Elio for a second straight term. Then Elio nominated Ingersoll for the chairmanship.

The resulting ballot of all five trustees gave the nod to Ingersoll by one vote.

THERE are so many beauty contests these days its hard to determine who's who.

Miss Daly City's date with destiny is next week at the County Fairgrounds when she will go up against 15 other beauties—from Menlo Park to the Brisbane border.

From this corner the thinking is that if Bonnie Jensen fails to triumph down south, Daly City may never have a winner in the county contest.

Miss Jensen has everything that should count with the judges.

Could be that we're prejudiced?

CITY Engineer Bill Chapman got a well-earned week's vacation last week, so he transported his wife and brood of four to Tahoe for a place in the sun.

Bill no doubt has the busiest assignment of any Daly City departmental chief.

Construction in Daly City the past few years has been a many million dollars business. All this work has to be coordinated and checked out through Chapman's office.

COUNCILMAN Bob St. Clair reports to the 49ers' training camp on July 21.

He's in about the best shape of his pro career—tipping the scales at a "lean" 275 pounds. Add 12 pounds of football equipment, and Red Hickey still will have to ask Bob to sweat off at least 10 pounds for the coming onslaught.

"SOUTHERN HILLS" is the chosen name for Standard Builders' 100-acre subdivision coming into Daly City. "Panorama" was the project name, but "Southern Hills" will be the official label of the new development.

GROUP of active moms have asked city councilmen to help in a community-wide campaign to bring a swimming pool to Westlake—preferably on city-owned Westmoor Park adjacent to the high school.

Sounds like a good idea until the bare facts are guessed. The thinking is that such a pool would cost at least \$200,000—not mentioning expenditures for continued upkeep.

At any rate, the council is looking into the matter—agreeing that a good-sized pool would be nice in that area.

AMY and ADA Wood, daughters of the late Mrs. Frederick C. Wood, have bequeathed their mother's outstanding collection of books on gardening to the Daly City library.

Mrs. Wood died last week in San Francisco.

Ada is dean of girls at Jefferson High School. She lives in Westlake at 96 Wilshire avenue.

TRAMPOLINE centers are the new craze—nationwide. Daly City councilmen have made sure that the local operators—one on Junipero Serra and the other on Hillside—are adequately covered by insurance.

The city manager has met with both owners and this coverage was verified.

IN CASE you're breathlessly awaiting this info: The North County Sanitation District (headquarters in Westlake) uses on the average about 250 pounds of chlorine a day. This costs about \$20 daily, or \$7300 a year. The purchase price of chlorine per ton (2000 pounds) is \$159.12, and includes freight and tax.

PARKS-RECREATION commissioners and department head Chuck Vincent have sent letters of appreciation to residents Harry Krohn (the former Coast League catcher), Lowell Creighton and Tom Bournellis (the druggist) for their work in guiding local baseball teams.

Another guy who deserves praise is Steve Mezera. Jeff High's varsity coach who learned the game at University of Oregon.

Steve this summer is skipping the American Legion Post 410 nine.

WATER revenue amounted to \$303,934 in Daly City last fiscal year, but water department expenditures were \$301,355—leaving the city with a profit of \$2,579.

The next 12 months, according to budget projections, will bring water revenue of about \$550,000 and water department expenditures of \$423,979. The profit for fiscal '60-'61 will be slim because of many long needed water system improvements. One of the main cost items will be a new pump house at Citrus and Nanticoke which will be financed over a two-year period at a total estimated cost of \$100,000.

Water is Daly City's chief revenue maker. The system first has to be modernized before this profit will mount.

FISCAL APPORTIONMENT

Motor Vehicle License Fees Bring Daly City \$203,392 From State

In the closing days of the 1959-60 fiscal year, California cities and counties received \$28,718,938 from the state to help them meet year-end expenditure requirements, State Controller Alan Cranston reported today.

Cranston said the revenues, derived from motor vehicle license fees and collected by the State, are apportioned principally to local governments because the levy takes the place of a property tax on the vehicles.

It was the third distribution of motor vehicle license revenues during the fiscal year which ended June 30.

Daly City's share of the June apportionments totaled \$67,812, compared to \$135,580 in April this year.

South San Francisco got \$125,307 in April and \$42,783 last month.

Pacific's April apportionment was \$72,874 and the Coastside city got \$24,881 in June.

San Mateo, the county's largest city, received \$231,644 in April and \$101,222 last month. Cranston said \$9,039,305 was allocated to the cities and counties in December and another \$76,834,122 in April.

The year's total of \$114,601,365 compares with a total of \$102,549,876 apportioned in the 1958-59 fiscal year.

The money, available for general governmental purposes, is allocated on a population basis, half of the total going to the cities and half to the counties. The June calculation figured out to a per capita payment of \$5.13 for every city resident and \$5.41 for every county resident.

Total population of the cities was fixed at 11,210,551, an increase of 561,335 over the 1958-59 figure of 10,649,216. By law the 1950 census figure of 10,586,223 was used in the counties' computation.

Cranston said total revenues realized from the motor vehicle

1961-62 JUHSD Not Able To Give Funds For Recreation

Jefferson High School District Superintendent Edward Morgan sent letters to both the Daly City and Pacifica Recreation Commissions stating that the district would not be able to render any financial support for civic center funds for the fiscal year of 1961-62.

In the same letter Morgan stated that \$4250 was available to the Daly City Recreation Commission and \$3500 to the Pacifica Commission for the 1960-61 Recreation Fund.

"In the Fall of 1961 we plan to open two new high schools. With the opening of these two schools, and the subsequent use of these facilities, our present Civic Center expenses will, in all probability be doubled," Morgan wrote.

"The board of trustees has instructed me to inform you we will not be able to aid financially in the future," he said. Morgan noted that the facilities would still be available to the two departments but that the District would be unable to expend funds.

TRAFFIC ACCIDENTS

A total of 3,588 persons lost their lives in traffic accidents in California during 1959, reports the National Automobile Club.

'Couriers' Due At Colma Church

Representatives of Pasadena College will be guests of the Broadmoor Church of the Nazarene on Thursday evening, July 21, at 7:30 p.m.

The special service to be held at that time is open to the public, according to the pastor, Rev. Vernon E. Thomas.

Music for the service will be provided by the "Couriers." The appearance of this group is in connection with the endowment and student recruitment program of the college. The pastor reports that every year the college sends representatives to each of over 400 Nazarene churches in the Southwest.

Seven college are maintained by the Church of the Nazarene in the United States and Canada. Pasadena College serves the southwestern states of California, Arizona, New Mexico and Colorado. The college is coeducational, and the student body numbers over eight hundred representing 25 different denominations. Work is offered in all the major fields of study.

International Honor For DC Man In Hawaii

Irving Gratch, 7 Westdale avenue, Daly City, has had a scholarly paper accepted for presentation at the 1960 International Conference on General Semantics being held July 29-August 5 in Honolulu under the auspices of the University of Hawaii. Title of the paper is "Existentialism and General Semantics."

A biennial meeting of the 5000 members of the International Society for General Semantics, the conference draws distinguished contributors from the fields of semantics, psychology, psychiatry, medicine, social science, education, business, etc.

Gratch is a manufacturer's representative and has been associated with the eminent semanticist, Dr. S. I. Hayakawa, as a seminar assistant at San Francisco State College. He and Mrs. Gratch and their son Steve attended the last biennial of the international society held during the summer of 1958 in Mexico City.

'Miss Social Security' Contest Open To Local Girls Born In 1935

Who is "Miss Social Security?" This question, being asked throughout Northern California, has started a search in Daly City to find a young female resident who best typifies young American womanhood. She can be a secretary, career girl, student, housewife, or any one of the various aspects of women's life today.

The Social Security Administration is celebrating its 25th Anniversary and there is a search to find a "Miss Social Security." The only qualification is that the applicants must have been born sometime in 1935, the same year that the Social Security Act was passed. A group of finalists will be selected and honored at a commemorative luncheon on August 12 at the Marines Memorial Club in San Francisco, where Victor Christgau, Director of the Bureau of Old-Age, Survivors and Disability Insurance

State Game Warden Fines Man \$50 For Hunting Wife

An arrest for one of the commonest violations of fish and game laws in the Northern California town of Williams recently may have served to save a human life. A man in a somewhat drunken state walked into the Williams police station and announced that he was hunting for his wife. He announced further that when he found her he was going to shoot her.

Game Warden Roy F. Erwin was called in to sign a citation against the wife hunter for violation of Fish and Game Code Section 2066—having a loaded gun in a car on a public way.

A loaded double-barrelled shotgun was in the man's car, which was parked in the police station parking lot.

The penalty was a \$50 fine.

Laymen Assume Pulpit Roles At B'nai Israel

During the absence of vacationing Rabbi Solomon A. Shore, Congregation B'nai Israel is holding Laymen's Services on Friday, July 15 at 67 Los Banos avenue, Daly City. Services begin at 8:15 p.m. and are conducted by President Irving Podolsky and members of the congregation. Hostesses during the social hour will be Mrs. Leon Benson and Mrs. Ernest Hartmann.

A general membership meeting will be held on Sunday, July 17, at 8 p.m. in the social hall. Among other topics of importance to be discussed is nominations to fill a vacancy among the trustees.

Podolsky announces that registrations for Sunday and Hebrew School are now being accepted. These services, along with High Holy Days seats, are included in the membership fee that is the lowest in the area. The congregation is Conservative and services are conducted in the traditional manner. The Religious Schools are under the personal supervision and instruction of Rabbi Shore. Information may be had by calling the Temple office, PL 6-2039.

Yorke Council Names Officers

Father Peter Yorke Council No. 4119, Knights of Columbus, at the regular meeting on July 12 in the Council Chambers at 618 San Mateo avenue, San Bruno, installed new officers.

The installing officer was F. Everett Cahill, Past State Deputy from San Francisco, assisted by James J. Moloney, District Deputy, and Bergin Leahy, District Warden. The Color Guard of Fourth Degree Knights from Fra Crespi Assembly acted as Guard of Honor for the installation. Dudley Sullivan from Daly City was in charge.

Installed were: Thomas E. Shiner, Grand Knight; Richard Zimmer, Deputy Grand Knight; David S. Blines, Chancellor; John van Huustee, Warden; Herbert Blackmore, Recorder; Emmett Smith, Financial Secretary; Joseph J. Collura, Treasurer; Donald G. O'Sullivan, Advocate; John Murphy, Inside Guard; Roy Tesch, Outside Guard; Patrick R. Maloney, Leonard Asiano and Thomas J. Dillon, Trustees.

The Rt. Rev. Egisto Tozzi was reappointed as chaplain.

JUHSD Hires Five More Employees

Jefferson Union High School District trustees hired five women as classified personnel at last Monday's meeting.

Hired were Mrs. Nancy W. Cook as secretary to Dr. Harold C. Tonini, principal of Oceana High School, to begin her duties on July 1; Mrs. Mary Ann Lewis as secretary for the district's Federal Counseling and Guidance Project, to begin her duties on July 18.

Mrs. Phyllis M. Lindberg as receptionist at Oceana and Westmore to begin duties on July 1; Mrs. Ruth G. Podesta as bookroom clerk for Oceana to begin duties on July 18; and Mrs. Mary S. Pros to serve as Audio-Visual clerk for the district starting September 1.

Parents Invited To J. L. Snell Family Night

Parents are invited to attend the Family Night sponsored by the James L. Snell Recreation Department at Garden Village School, 200 Garden Lane, Colma, on Wednesday, July 13 starting at 6:30 p.m.

A program, including a father-son softball game and a mother-daughter volleyball game, is planned. The sons are looking for revenge for the 15-14 defeat suffered at the hands of the fathers last year.

The game room will be open to all parents and children accompanied by parents. Ping pong, carroms, paddle pool, checkers and chess will be available for all to play. Refreshments will be served during the evening.

Younger Tells Service Academy Examination Date

Congressman J. Arthur Younger today announced that applications are now being received for boys wishing to take the preliminary civil service examination for the United States Armed Service Academies.

The examination will be given about November 15 and is open to all boys in San Mateo County who graduate for high school in June 1961, or boys who have graduated but are not more than 22 years of age.

This year Congressman Younger will have one appointment each to the U.S. Military Academy, West Point, N.Y.; the U.S. Naval Academy, Annapolis, Maryland, and the U.S. Air Force Academy, Colorado Springs, Colorado.

Ten boys will also be eligible for nomination to the U.S. Merchant Marine Academy at Kings Point, and with this academy, 23 are selected from the entire state of California.

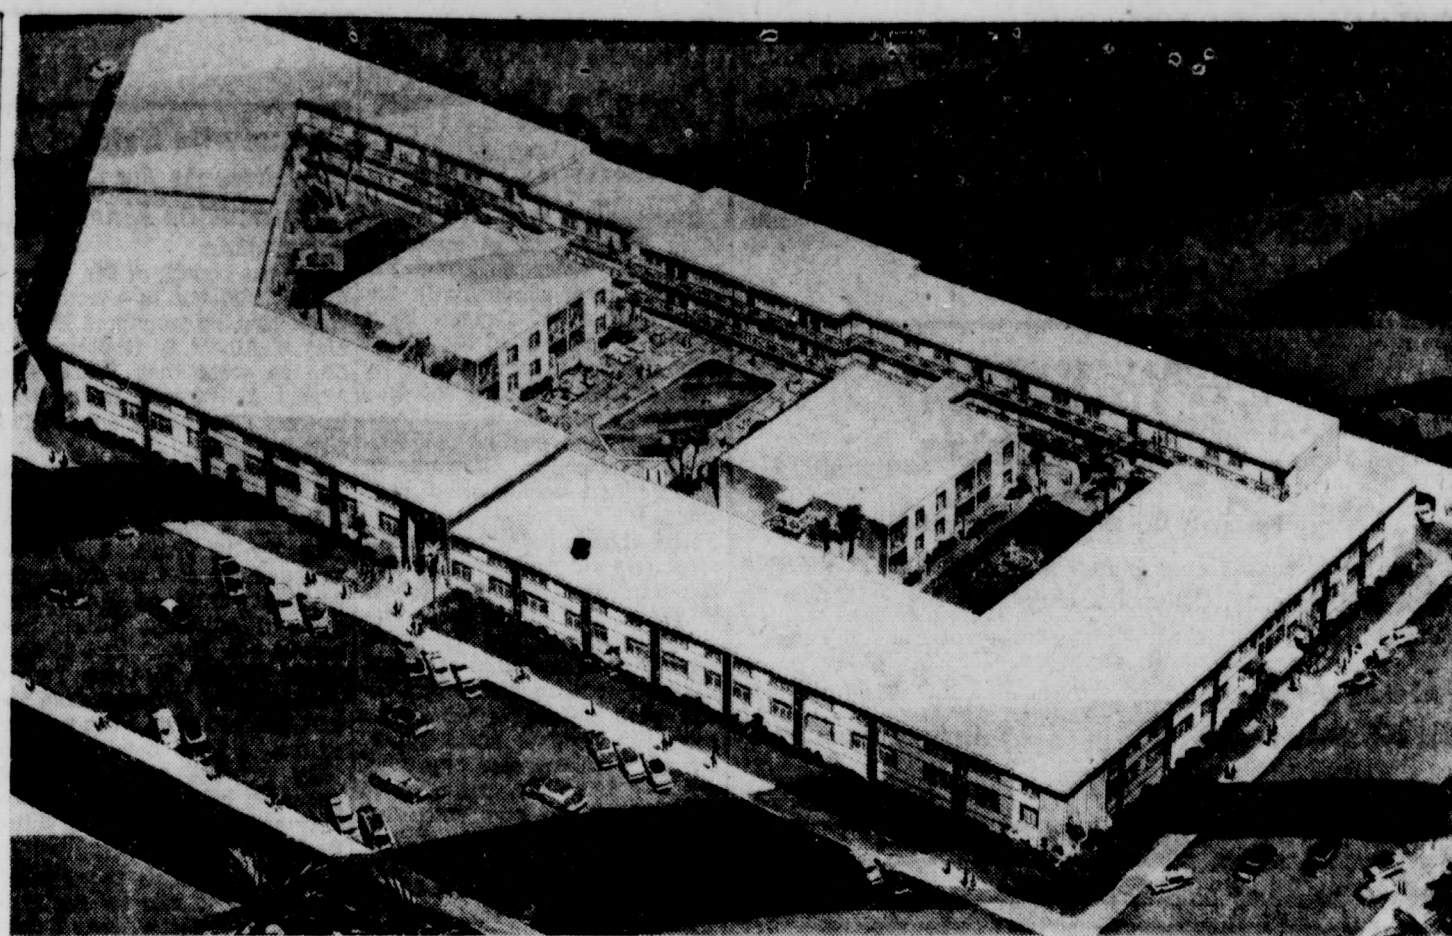

Applications may be secured by writing to Congressman J. Arthur Younger, 232nd avenue, San Mateo, or 320 Old House Office Building, Washington 25, D.C.

They may also be secured in person at the San Mateo office from 9 a.m. to 5 p.m. daily or will be mailed if interested boys telephone the Congressional office, DI 4-8127.

Younger pointed out that finalists will be determined solely on the basis of the grades scored in the civil service examination.

American Trust Co. Promotes Westlake

Anthony J. Smith, who resides at 1110 Southgate avenue, Daly City, has been promoted to assistant secretary in the trust department of Wells Fargo Bank American Trust Company.

WESTLAKE'S new million dollar "Coronado Apartments" will be formally opened this Sunday, July 17, with an Aquacade, featuring Clyde Devine and his swimmers. The new Westlake building contains 164 individual

apartments surrounding an Olympic-size swimming pool. Sunday's Aquacade is open to the public without charge at 2:30 p.m. Refreshments will be served.

OLYMPIC POOL AND BARBECUE PITS

Aquacade, Open House To Feature Debut Of 'Coronado' Apartments

Westlake's largest apartment building, "The Coronado," built at a cost of over a million dollars, will be formally opened this weekend. The Coronado, located just south of the Westlake Bowl at 50 Coronado avenue, contains 164 individual apartments, consisting of studios and 1 and 2 bedroom units.

Featured in the Coronado are three tropically-landscaped courts, in the largest of which is an Olympic-size swimming pool of heated and filtered water.

Tenants in the new apartments will also enjoy barbecue facilities which have been built in adjacent to the pool.

Special attention has been given to the dramatic illumination of the central courtyard at night, with colored lights concealed in the landscaping and around the pool. More than \$35,000 was spent on the landscaping alone, which includes the use of fountains as a part of the various entrances to the block-long structure.

The Coronado was built and designed by Henry Doelger as a part of the 1700 apartments which surround Westlake Shopping Center. Other apartment buildings in the same area are currently under construction, which will add still additional units. Doelger has invited all residents of Daly City to attend the formal opening ceremonies this Sunday afternoon at 2:30. The opening program will include an aquacade at the pool, featuring the Clyde Devine swimmers. Refreshments will be served and the public will be invited to inspect the two model apartments furnished by the Westlake store of Sterling Furniture Company.

Individual apartments within the Coronado feature private balcony lanais, built-in electric ranges; large refrigerators, wood paneled walls, picture windows overlooking the pool, and a host of luxury features.

COUNTY CANCER SOCIETY DRIVE EXCEEDS GOAL

The 1960 San Mateo County Cancer Society fund drive has topped its goal with a record \$83,105.64.

With the announcement, Cancer Society President Mrs. Edward H. Jenayan said, "Our heartfelt thanks goes to the men, women and the children of our county, to our dedicated corps of 5000 volunteers who made this achievement possible."

The goal was \$92,450, and Mrs. Jenayan reported that additional contributions are still coming in to the San Mateo office of the Cancer Society.

Following is a breakdown by cities: Atherton, \$8,060.31; Bayshore, \$55; Belmont, \$2,571.84; Brisbane, \$12; Broadmoor, \$334.96; Burlingame, \$5,732.55; Colma, \$1,165.14; Daly City, \$1,153.35; East Palo Alto, \$844.25.

El Granada, \$204.04; Half Moon Bay, \$472.45; Hillsborough, \$12,833.71; La Honda, \$23; Menlo Park, \$7,861.11; Millbrae, \$2,071.69; Moss Beach, \$226.95; Pacifica, \$812.60; Pescadero, \$215; Portola Valley, \$1,559.21; Redwood City, \$9,079.94; San Bruno, \$3,104.24.

San Carlos, \$4,414.40; San Mateo (north), \$11,068.83; (south) \$5,295.50; South San Francisco, \$2,388.54; Westlake, \$1,904.36; Woodside, \$3,464.80; Unincorporated Menlo Park, \$3,023.02; Skyline, \$54; miscellaneous, \$3,098.26.

Miss Tweedie Jubilant About Legion Trip

Penelope Lynn Tweedie of Broadmoor arrived home on June 28 from Girl's State "filled with enthusiasm." She was sponsored by Broadmoor Unit 824 of the American Legion Auxiliary. President of the unit is Dolores Napolitano.

This extensive week of study was held on the University of California campus at Davis. The 457 girls, representing high schools all over California, studied all phases of state government.

Penny, chosen from Westmore High School by the Broadmoor Auxiliary, held the following offices while she was at Girl's State: city chief of police, county flood commissioner, and state commissioner of natural resources.

Southland Vacation

Westlake residents Mr. and Mrs. N. J. Coffey and son of Southgate avenue recently vacationed at Del Monte Lodge in Pebble Beach, California.

Marian Council Breakfast Set At Holy Angels

This Sunday, July 17, Marian Council, Knights of Columbus of Daly City, will hold their annual Communion breakfast at Holy Angels Church in Colma at the 8 o'clock Mass.

Breakfast will consist of juice, ham, eggs, potatoes, rolls, and coffee. Cost will be \$1.25 per adult and 50 cents for children over 7 years of age.

Fra Crespi General Assembly, Fourth Degree Knights of Columbus, will provide the color guard for the occasion, according to Dudley Sullivan, Faithful Navigator (elect) of the Fourth Degree and chairman of the Communion breakfast.

Blessing and presentation of the Council's new flag will take place immediately before the Mass.

THESE new officers recently were installed by Court St. Mary No. 1155. Catholic Daughters of America. Front row (left to right): Mrs. Charles Pietro, district deputy; Mrs. Fred Wettsien, vice state regent; Mrs. Maurice Clark, monitor; Mrs. Gerald O'Reilly, trustee; Mrs. Arthur Dikas, grand regent; Mrs. John Kulik, historian, and Mrs. DeWitt Brunson, trustee. Rear row: Mrs. Carl Rolland, proxy for Mrs. Warren Steinback, prophetess; Mrs. Eileen Brooks, installing monitor; Mrs. Louise Barnard, treasurer; Mrs. Curtis Collins, financial secretary; Mrs. Elmo Pucel, vice regent; Mrs. Marcel Covell, sentinel; Mrs. James O'Reilly, lecturer.

THESE Pasadena College "Couriers" will sing on July 21 at 7:30 p.m. in special services at Broadmoor Church of the Nazarene, corner of Edgeworth and Washington streets in Colma.

WHAT'S DOING

W. L. Conkey, your Telephone Manager in Daly City

One of Disneyland's most spectacular attractions is the Circarama tour of "America the Beautiful." For you're encircled by 11 screens as this unique movie takes you to Times Square at night, a New England village, the Grand Canyon and many other parts of our land. The effect is breathtaking... just like being in these places yourself. And it's free, too—part of an exhibit sponsored by Pacific Telephone and the Bell Telephone System. If you visit Disneyland this summer, be sure you see Circarama, I know you'll enjoy it.

Most folks think that television is a recent invention. But this picture proves differently. That's the back of the television set that picked up the first city-to-city telecast. The year was 1927, and the program featured Herbert Hoover! Research by Bell Telephone Laboratories helped make possible that first telecast, and it was carried over a long distance telephone line. Today, telephone equipment still has a lot to do with bringing you television. Pictures from the entertainment centers of the nation travel to your local stations over our equipment—coaxial cables and microwave radio relay—before they're beamed to your home. While telephone research is always focused on bringing you better phone service, it is interesting how often its discoveries pay off for you in other ways, too.

Summertime. That's the time folks spend plenty of hours outdoors. And here's an idea we've come up with that can add a lot to your outdoor living. It's a portable phone that can move outdoors with you. We put in jacks for it near your garden, patio or pool so you can plug it in wherever you go. Think of the steps it can save! If you'd like more information about this handy portable phone, just give us a call.

'Yes' On Callan Park Committee Claims Campaign Force Of 268

"We're going over the top," way, way over," chairman Frank Tardelli of the "Yes" on Callan Park Campaign Committee told members of his executive committee Friday night.

"In one week we have grown from a central core of 16 members to 268 Daly City men and women," Tardelli declared. "In two or three weeks we will have 1000 Daly City citizens actively campaigning in favor of Callan Park."

He said that the original goal of the committee was a membership of 500 Daly City citizens. "But people want to know the facts on this election, and when they find out, they want to tell others."

Tardelli said that citizens from all parts of Daly City have volunteered their services to help get the true facts and figures on Callan Park to every voter.

He announced plans for committee volunteers to go house to house in every precinct in Daly City to explain the importance of Callan Park to every resident in terms of more jobs (16,700 new jobs in the next five years), more business (retail sales in Daly City will be more than doubled) and more tax revenue (\$400,000 profit every year to the city of Daly City).

"We have facts, figures and authority to back up every statement, and we will go from door to door ready to answer any and every question," Tardelli said. "We are not pulling our claims out of thin air—we have facts to back up everything we say and we want to tell people these facts."

He attacked claims that the Callan Park annexation would be adverse to Daly City. He said that thorough, independently conducted study by the Griffenhagen-Kroeger Company shows that Daly City will gross over \$1 million in new tax revenues from Callan Park every year.

"Over \$400,000 of this yearly million will be net profit for Daly City. We may apply it to lower taxes, new capital improvements for all of Daly City or more and better services by the city."

"It is obvious," he told the Executive Committee, "that the Committee of Six—the so-called 'Citizens' Committee for Good Government'—is representing outside interests. They are not the least bit interested in the fact that Daly City must pay the freight on the special election August 16."

"There was a small number of volunteers circulating the petitions," he said, "but it is known that a professional San Francisco soliciting company gathered more than 80 per cent of the signatures."

He said that some members of his committee complained that their signatures were obtained by misrepresentations of fact by these paid solicitors. "They told people that it was a petition for practically anything that would get a signature."

The executive discussed the suggestion that the Callan Park area should be brought into Daly City piece by piece.

"If we annex this way," they agreed, "we will be annexing without a master plan. We need a balanced community to as-

sure us that we add vital commercial areas. If we go piece-by-piece then we will get nothing but more and more houses.

"We need a binding master plan and a balanced community, and that's what Callan Park offers," they agreed.

Tardelli announced the formation of district committees in every part of Daly City. He named Ed Murphy as chairman of the Realtor's Committee and Doris Wimberly as director of the Women's Committee.

Tardelli asked that the complete membership of both the "Yes" on Callan Park Committee and the "Citizens' Committee for Good Government" be announced in the Daly City newspapers.

"We are not a letterhead committee," he said. "Today we are 268 Daly City citizens who are interested in Daly City's future. Next week we will be 500, and in two weeks we will be a thousand."

"We don't know anything about the so-called 'Good Government' committee, but we think that they should say who they are, just as we are publishing our membership," Tardelli stated.

He said that the 268 members of the "Yes" on Callan Park Committee as of Friday, July 8, are:

William John Adams, Dino Agresti, LeRoy J. Albert, Mayre Albert, Joseph D. Altieri, Theresa Altieri, Harry James Athanson, John W. Ayers.

Phillip Badran, Angelo Baldelli, Norma F. Baldelli, Elmer R. Barber, Donald E. Barnett, Guido A. Barnoli, Charles H. Barron, John L. Beck, Daniel Begovich, Ben Belasco, Frank Belli, Irving Beneveniste, Paul H. Birkmaier, Mrs. Paul H. Birkmaier, Thomas L. Bocci Jr., David Boicelli, Joseph N. Bonavito, Lewis E. Boyce, Mrs. Lewis E. Boyce, Lillian Boyle, John T. Boyle, Guido Brocchini, Johnny Brunken, Mrs. James Buchanan, W. O. Bullock, Mrs. W. O. Bullock, Joseph Burlund, Blanche Button, Joseph H. Button.

COLMA BRIDEGROOM

Karen Diane Meyers Weds Jerrold Bocci At Mission Dolores

Miss Karen Diane Meyers of San Francisco exchanged vows with Jerrold Craig Bocci of Colma on July 2 at Mission Dolores Church in San Francisco.

The couple are honeymooning in Acapulco and will return next week to establish residence in Westlake.

The bride is a graduate of Notre Dame High School. She is the daughter of Mrs. Mildred Stewart, 4121 20th street, San Francisco.

Jerrold is the son of Mrs. Thomas Bocci of 117 Garden Lane, Colma, and the brother of former municipal judge Thomas L. Bocci Jr., prominent local attorney, and Richard J. Bocci, A graduate of St.

Ignatius High School and the University of Santa Clara, the bridegroom has completed two years at University of California Medical School.

Serving the bride as maid of honor was Connie McGinity. The bridesmaids were Merle Blos and Diane Nelson, and the junior bridesmaids were Kathryn Ann Meyers and Deborah Ann Bocci.

Best man was Albert Maracci Jr., and the ushers were Donald Bocci, Donald Heintz and Donald McGinity.

The Rev. Father C. Kelly Canelo officiated the 11 a.m. ceremony.

The wedding reception was held at The Village on Columbus avenue in San Francisco.

Ruth Mae Henthorn Weds DC Police Sgt. Jerry Galindo

Miss Ruth Mae Henthorn, a senior recreation leader for the Daly City Parks and Recreation Department, and Jerry Galindo Jr., a Daly City Police Sergeant, were married at the First Methodist Church in Reno on June 14.

The former Miss Henthorn is the daughter of Everett and Alice Henthorn of Willamina, Oregon. She attended Willamina High School and is a graduate of Oregon State College.

Galindo is a graduate of Jefferson High School and San Francisco City College. He is the son of Jerry and Manuela Galindo of Daly City.

Police Sergeant Jack Walsh was best man while matron of honor was his wife, Alice. In the absence of Miss Henthorn's father, the bride was given in marriage by Everett Heagney, a friend of both the bride and groom, who is associated with the San Mateo County Sheriff's Office.

The honeymoon consisted of a week's stay at the Mapes Hotel in Reno. The couple are currently living at 244 Acton street.

T. Martdrana, August Masini, Egidor J. Masini, Virginia Masini, Tony Masini, Guido Merlini, Lebe Merlini, Richard Merlo, Jr., Mrs. Richard Merlo, Jr., David J. Michel, Grace Micheletti, Henry C. Jim Vaughn, Mrs. Jim Vaughn, Lois Vignali, Jim Vlahovich.

Jack White, Orphe White, Lee Williams, S. D. Williams, E. Wilson, Doris Wimberly, John Wimberly, Kay Wooster.

Robert L. Young, Egidio Zago, Olga J. Zago.

Bill Scanlon Opens Agency In Daly City

Bill Scanlon, former editor of the San Francisco Progress, has re-opened a public relations firm in San Mateo County, at 405 Lakeshire drive, Daly City, in addition to a San Francisco branch at 2450 Harrison street.

Prior to his affiliation with the weekly Budde Publications, Scanlon operated a publicity firm, William J. Scanlon & Staff in downtown San Francisco. The same name will again be used in both counties.

The firm conducted fund raising drives for reputable organizations, political campaigns in behalf of both candidates and issues, steamship and airlines, and a diversified list of other clients. For more than a half-dozen years, Scanlon directed the annual March of Dimes in the East Bay, "doubling-in-brass" as publicity director and fund raising manager.

Opening of the San Mateo County office, Scanlon said, was largely prompted by the growth of the area, with many new industries and commercial enterprises locating their plants and offices in the county.

He said that many are small to medium-sized businesses which need the counsel and services of an experienced publicity firm but unable to afford "Madison Avenue Fees."

Expert On 'Bunco' Operations Guest Of W'lake Merchants

Inspector Alfred Torre, an expert on bad check artists and bunco operation, will be guest speaker Tuesday at the regular monthly meeting of the Westlake Business & Professional association.

The merchants meeting will begin at 6:30 at the Westlake Bowl banquet room, according to Stan Sugarman, president.

Average Attendance Each Day Rose By 491 In High Schools

Average daily attendance grew in the Jefferson Union High School District from 2722 pupils per day in 1958-59 to 3213 in 1959-60, a rise of 491 students per day. Superintendent Edward Morgan told the board of trustees Monday night.

Higher daily attendance was shown in every category. Home instruction rose from 7.05 to 7.37; Point One program (mentally retarded) climbed from 15 to 21; Summer School gained from 96 to 112; adult school rose from 98 to 126; and regular day students accelerated from 2504 to 2945.

DC Naval Airman With Fighter Unit

Ronald L. Kern, U.S. Navy, son of Mr. and Mrs. Allen C. Kulig of 35 Peoria street, Daly City, is serving with Fighter Squadron 84 at the Oceana Naval Air Station, Virginia, Beach, Virginia.

The squadron utilizes the F8U-2 "Crusader," a supersonic jet.

Facts about CALLAN PARK

Information Report #1

MORE JOBS

MORE BUSINESS

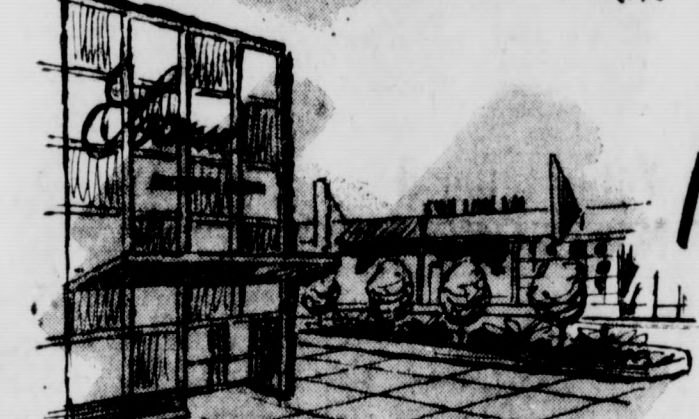

MORE REVENUE

Considerable misinformation has been deliberately circulated to confuse the citizens of Daly City concerning the annexation of Callan Park... But let's look at the facts:

MORE JOBS

Callan Park will provide **16,700 jobs** over the five year period of its development.

MORE BUSINESS

Payroll created by Callan Park will exceed 90 million dollars. In addition, residents of Callan Park and adjoining areas will spend over 145 million dollars on items such as food, eating and drinking, department store sales, variety, apparel and accessories, furniture and appliances, hardware, paint, glass, drugs and other retail sales.

(Source: Larry Smith & Co.—Planning Consultants)

MORE REVENUE

Westlake (an earlier Daly City annexation) is now returning to the Daly City treasury many thousands more per year in taxes, licenses and fees than it costs to provide city services to the area.

Callan Park when completed will be as large as Stonestown or Hillsdale and after the costs of servicing the area have been paid will bring an estimated net tax profit to Daly City of approximately \$400,000 per year. (Source: Griffenhagen-Kroeger, Inc.—Planning Consultants.) This money can be used to provide added services or reduce your taxes.

'TENDER TRAP' TICKETS NOW ON SALE HERE

Daly City Players announce that tickets are now available at the War Memorial Building or from members of the group, for their production of "The Tender Trap," a comedy by Robert Paul Smith and Max Shulman.

On Saturday, July 16, and Sunday, July 17, tickets will be available in the Mall of the Westlake Shopping Center. A donation of 75 cents for adults and 25 cents for children under 12 is the cost of tickets.

The play will be presented in the War Memorial Building, Friday, July 29, at 8 p.m., and will mark the initial appearance of the Daly City Players as a group. The Players are at present under the sponsorship of the Daly City Department of Parks and Recreation, and have as their director, Ruth Galindo, a member of the Department.

Anyone wishing information about the group, or tickets, may phone PL 6-5097.

High Schoolers' Drama Workshop At State College

San Francisco State College for its seventh year is hosting the annual Drama Workshop for high school students. Forty-seven boys and girls, representing twenty-six Bay Area high schools are devoting six weeks of their summer to furthering their knowledge of the dramatic arts.

The Workshop is under the direction of Dr. Clarence A. Miller, chairman of the college Drama Department, who is assisted by visiting instructors John Graham, of Harry Ellis High School, Richmond, and Geoffrey Lardner, drama instructor at the Downtown Center, San Francisco. Graduate students Shirley Eoff, Eleanor Stoltz, Don Long-Hurst, and Ron Lynn, all of S.F. State, are also teaching in the program.

The enthusiastic group of students attending the Workshop are learning the fundamentals of acting, stagecraft, body movement, theatrical lighting, costume construction, make-up for the stage, and oral interpretation. Class sessions are held daily from 12:30 to 5 p.m. and culminate with a public demonstration program written and staged by the students, to which interested persons are invited.

Dr. Miller, who founded the Workshop, showed his enthusiasm by saying: "It is a good activity for the college to sponsor because it gives young people who enjoy drama a chance to develop their skills in dramatic art so that they can make a better contribution to their high school programs. It also provides an excellent opportunity to orient them to a college department."

WHITETAIL DEER

The whitetail deer, according to the National Automobile Club, is the most widely known and hunted big game animal in North America.

TV and Radio

By Mona Baker

With the spectacular backdrop of the Bay and skyline of San Francisco, two Navy destroyers cruising by on their way to maneuvers adding drama to the setting, ABC's "Dick Clark Show" (KGO-TV, Sat. 7:30 p.m.) originated from Treasure Island before an audience of 1600. The telecast marked the first time the popular teen-age show has originated in the Bay city, and Dick said he hoped they could return. He told us that he could understand now after being in the Bay Area why everyone he met was so enthusiastic about San Francisco.

A remote telecast can be extremely difficult, because there are so many factors that cannot be controlled as in a studio, such as the weather. Priced by many hours of organization and planning, the telecast went off as smoothly as clock-work, with all the flavor of San Francisco including a cable car, and mantle of fog around the Golden Gate bridge.

In chatting with Dick we found him to be a rather serious young man, earnest about his work and interested in young people. His wife Barbara accompanied him, and since we sat next to her at lunch we had time to talk. She talked about their three-year-old son, Dickie, and said she hoped she would have some time to shop to bring him something back from San Francisco. She was concerned about the wind blowing her hair, so we told her about the veil hats so popular with Bay Area women. The next day at the telecast we saw her with a glamorous pink veiling securely holding her blond locks.

When the announcement was made that the program would originate in San Francisco, KGO-TV was swamped with requests for the show. We hope the networks will take note and bring more programs to the Bay Area because obviously there is great public interest in attending network shows.

Certain to create interest too, among the public is the new Bay Area television bulletin stressing coming quality programs of unusual interest compiled monthly by KTVU, KRON-TV, KPX and KGO-TV. We think this is an outstanding service, particularly for schools and organizations. Please write me if you wish to be placed on mailing list.

Brightening up KQED's summer schedule are several new programs. Topping the list is the provocative and unusual talk show "Open End" (Tues. 9 p.m. to conclusion) which has been widely acclaimed by the press throughout the country. Premiering last week a new 13-week series "Redman's America" (Thurs. 4 p.m., Fri. 8 p.m.) and making their debut this week the first "live" telecast of KQED's Summer Music Festival series of fifteen one to two hour concerts.

Also premiering this week over KPIX a new musical series "Great Moments of Music" (Tues. 10 p.m.) which will feature such great artists as Marian Anderson, Jascha Heifetz, Jan Peerce and others. KGO-TV's delightful "Music for a Summer Night" will be increased to an hour and is seen on Wednesdays at 10 p.m. over Channel 7.

LITTLE PUSH, BIG ACCIDENT
His car was stalled and all he wanted was a little push. He stepped up to the highway, reports the National Automobile Club, to flag down a car. But the highway was a busy Midwestern highway and when the traffic slowed down to his flagging, things just began to go boom, boom, boom!
Three semi-trailers got into a tangle, \$12,000 damage was done, and the man got his little push.

FOOD & FUN

There's talk aplenty around town about the delicious veal scallopini served at Val's on Junipero Serra. The popular proprietor specializes in top Continental and Italian cuisine. The banquet room can accommodate as many as 80. Whether your party is large or small, Val's is the answer for atmosphere and quality.

Bruno Scatena at Westlake Joe's is particularly proud of the Cascade Room where fine foods and the proper lighting combine for maximum family enjoyment. Try Joe's and join the ranks of hundreds of residents and visitors who keep Bruno's staff busy from morning to past midnight.

Johnny Swanson's Westlake Bowl is buzzing with the second annual Police Athletic League benefit tournament. The "man from USA" supervises the busiest kingly place in the Bay Area. Cafeteria-style food and waitress service on the lanes and in the lounge complete the varied offerings.

Frank Martinelli's many innovations at the Steak Pit are evidence of his initiative in the business. Before taking over the Junipero Serra establishment, Frank operated in the Hollywood area. Many of filmdom's big names are among his closest friends. Try Martinelli's steak specials, and clap your hands and tap your feet in the "Westside Warehouse." The speak-easy looks like something out of the Prohibition era (capt it serves liquors of all sizes, shapes and potencies). Piano-roll music is featured in the old-wallpapered room.

Bay Area Keglers Put Emphasis On Daly City's PAL Tourney

Police Athletic League benefit bowlers, already far ahead of last year, should increase by leaps and bounds as all other major tournaments in the San Francisco-Daly City area ended last Sunday, according to Johnny Swanson, Westlake Bowl impresario.

Squad bowling in the benefit tournament that will run through August 7 is heavy, and Swanson expects more teams and individual bowlers in the next few weeks as the competition at Park, Bel Mateo and Downtown has ended.

In the past week, Al Stagnaro brought 60 keggers from Sun Valley Dairy, Schilling's Coffee entered 20, Redwood Bowl, 24, and Bel Mateo, 15.

The Bel Mateo team, who won the Downtown Big Swiss and ranked seventh in the nation in the ABC, entered as a squad. Bowling for them are Ken Bailey, Charley Wilkinson, Les Barrett, Fuzzy Shimada and Red Elkins.

Daly City Police Captain Roy Beecher reports prizes are still coming, and that this year's prize list is nearly twice that of last year when the first tourney was held at Westlake.

Entry fee is the cheapest of any major tournament of 1960 with a \$2.75 tap, of which \$1 goes to the P.A.L. for youth activities.

Observance Of County's 'Safe Boating Week' Demonstrated

Observance of "Safe Boating Week" in San Mateo County was demonstrated through excellent safety programs and reports from County and City Parks and Recreation Departments having Yacht Harbors and Boat Safety Programs, the United States Coast Guard Auxiliary and Coast Guard, the eSa Scouts and Girl Scout Mariners, the American Red Cross, and the excellent reporting by the newspapers about the boat safety programs.

San Mateo County Coyote Point Yacht Harbor has a rescue and service boat on standby for use in the harbor area. Every year more than 35 rescues are performed. The new look-out station is finished and is located atop the shop at the harbor. The launching of over 1200 small boats is supervised and every safety precaution is taken in the prevention of accidents. Safety rules of the

sea are enforced in the harbor area by the harbormaster and staff each day and night all year.

The United States Coast Guard provides boat inspection and education service at the harbor's year around. The Twelfth Coast Guard District, equipped with two helicopters and three boats, perform over 325 searches and rescues yearly. The 30-foot crash boat patrols the Bay checking for safety and registration. The helicopter patrols on weekends and holidays and when called at any time, day or night, is airborne in 10 minutes. The lightsight, anchored at the Golden Gate Bridge, guides with radio, lights and foghorn. For sea rescues, three DC-4's and three UF-2G's amphibians stand by to rescue and search.

Coast Guard Auxiliary Flotilla No. 42 at Coyote Point and No. 46 of Redwood City conduct schools and demonstrations in cooperation with the public schools and fire departments and other agencies. Instruction in safe boating, seamanship, piloting, navigation, and safety are given year around. A search and rescue demonstration was held on Friday in the Redwood City Harbor. The Auxiliary Program includes inspection of boats at the harbors in cooperation with the County and City Departments and the United States Coast Guard.

Sea Scouts and Girl Scout Mariners have ships located at the harbors in the county. Their program and training is put into safe boating practice on their trips to the various regattas held at the harbors around the Bay. Intensive safety training is held with the Coast Guard and Auxiliaries helping out. The Sea Scout Council of San Mateo has donated thousands of hours each year toward the many Sea Scouts in the county. The "Old Salt's Regatta" held each year at Coyote Point is visited by thousands.

American Red Cross provides the program that every one entering a boat should have passed. Every one in a boat should be able to swim. Thousands of youngsters are taught swimming skills in the Red Cross Program in the county each year. The Red Cross Life Saving Course includes Boat Safety Instruction with canoe, paddle board, and row boats used. The use and proper handling of small boats in rescue work is taught.

ZANY ACROBATS

HE LANDED SAFELY...
At every performance of Shipsteads and Johnson Ice Follies the Kermond Brothers from Australia take a physical beating. But seemingly immune to injuries they never miss a show. Now in their 7th starring season with the 1960 Ice Follies they are headlined in a spectacular sequence, "Alaska, USA." Ice Follies, 24th edition, all new and different, is now playing at San Francisco's Winterland.

DRUMMER GIRL — Selma Rusch, 17, Miss Burlingame, is caught practicing on one of her drums as she relaxes for a moment during preparations for the San Mateo County Fair and Floral Fiesta "Dream Girl" competition July 21. Selma, who has been studying drums for nine years, will compete with girls from 12 other Peninsula cities to see who will reign over the 26th annual Fair, August 5-13.

Miss Burlingame, A Drummer, Will Be Hard To 'Beat' At Fair

You already know the story of the little drummer boy.

Meet the little drummer girl. She's Selma Rusch, Miss Burlingame of 1960 and she'll be competing with winners from 11 other Peninsula cities for the title of "Dream Girl" of the 26th annual San Mateo County Fair and Floral Fiesta, August 5-13.

Not as a drummer, of course. As a beauty queen.

Selma, 17, daughter of Mr. and Mrs. Clarence Rusch, started playing the drums when she was in the third grade. She now plays the marching drum in the band and the kettle drums, or timpany, in the symphony orchestra.

In fact, Selma has been a member of the district honor band and orchestra for the past three years. The honor group is made up of the best musicians in five high schools who give concerts under the direction of guest conductors.

"I've been trying to play the horn just lately," she said. "I haven't learned how, but it's sure made me more sympathetic to the rest of the band."

Though still "changing my mind every two weeks," this active student council officer thinks she'll be going to either Berkeley or Mills College in the fall to major in music or merchandising.

"But I'm getting interested in French and International Relations too," she admitted.

Selma has been working summers in her father's grocery. "You start out boxing eggs

and work up to sweeper," she explained, "then, when you're old enough, you can help with the bookkeeping."

This year Selma gets to keep the books because her older sister, Judy, 19, is in college. Martha, 14, is sweeping, but brother David isn't boxing eggs yet. He's only three.

Scavenger Hunt Surprises J. L. Snell Leaders

The Surprise Day Scavenger hunt at the James L. Snell Recreation Center at Garden Village School proved to be a bigger surprise to the recreation leaders than the children. Ken Phillips, Dennis and Philip James found all the articles within the two-hour time limit.

The teams of John Balsells, Richard Bernard and Chris Cappola-Janie Lutlinger found most of the articles before the time expired. The winners were awarded sundaes and ice creams.

Most of the contestants kept articles like Mickey Mouse hats, frogs, telescopes, inner tubes, etc., but left the old shoes, watermelon seeds, 1959 calendars, leaky buckets and old bird cages for the recreation leaders.

All the contestants stayed for a gigantic bingo game after the hunt. Ice cream prizes were awarded to Steve Trigler and Linda Swanson.

PRETTY Kari Sandino toasts fingers and toes by this replica of an early pot belly stove, just one of a display ranging from this model to contemporary fire tools. The exhibit by Anthor Standard may be seen daily at the San Francisco Home Show,

July 22 through 31 at the Cow Palace, a benefit for the Bay Area Easter Seals Society, from 6 p.m. to 11 p.m. There is plenty of free parking available at the Cow Palace.

Hi Fi Teen Club Has Two Summer Outings Planned

The Department of Parks and Recreation's Hi-Fi Teen Club will hold the first of two summer outings when they travel to Santa Cruz on Sunday, July 24.

Picnicking and sunbathing will be on the list of activities in which the members may participate. The cost will be \$1 per member. Reservations for the trip must be in by July 20. For further information on the above trip and the trip to the California State Fair on September 3, call PL 5-0850, Ext. 18.

Membership cards for 1960-1961 may be purchased at the War Memorial Community Center on Wednesday evenings. Members must be high school students and residents of the Jefferson High School District.

A record dance will be held at Westmoor High School on July 15 from 8-11 p.m. This dance is open to members and guests who are interested in joining the Teen Club.

Penny Carnival Scheduled For Marchbanks Park

The Daly City Parks and Recreation Department will hold its second Penny Carnival of the summer this Friday, at Marchbanks Park. This carnival, held mainly for the children living on the east side of Junipero Serra Boulevard, will start at 12 noon and end at 3 p.m.

This year's carnival will offer various new and exciting game booths. The prizes for the games will vary from 1 cent to 5 cents and there will be prizes for all those taking part. Those planning to attend are urged to contact the Recreation Leaders at their respective playgrounds.

The third and final carnival of the summer for the children from Westlake School, Westlake Park, Olympia School and the Garden Village area will be held Friday, July 22, at the Garden Village School. Those planning to attend should contact the Recreation Leaders at these sites for further information.

Think you can't save money? Try the painless partial payment payroll plan for buying U.S. Savings Bonds, where you work.

FOLLIES BALLERINA

Barbara Myers, Harrisburg, Pa., is the youthful ballerina with Shipsteads and Johnson Ice Follies of 1960. Barbara stars in "Ballet de Brilliance," the gorgeous opening number of the 24th annual edition. This year's show has 20 pretentious and wonderful productions and an entourage of 167 personalities. Ice Follies is now playing at San Francisco's Winterland.

SOME HELPFUL POINTERS ON POISON IVY

Poison ivy is perhaps the most widely distributed and greatly despised vegetation in North America. To those who may not be familiar with it, poison ivy is a woody perennial which grows as a low shrub, or tall climbing vine which receives its support from aerial roots. The toxic substance in poison ivy is an extremely volatile oil, which causes poisoning not only by direct contact, but also if one crushes the leaves by stepping on them or burning them.

If you have been poisoned by this pesky plant even once, you're likely to be susceptible for life — so the first step of prevention is recognizing poison ivy when you see it. It has three leaves, the edges of which may be either lobed, notched or smooth. In spring the leaflets are red, turning rapidly to bright green and then to red or yellow in the fall. White flowers appear where the leaf and stem join, developing into white or cream-colored berries.

Once you know how to recognize poison ivy, your next step is to eradicate any signs of it on your property. The chemical formula proven most effective is 2-4-D in combination with 2-4-5-T, such as Antrol's Weed and Brush Killer. This formula will eliminate broad leaf weeds, like poison ivy, dandelions or plantain, but won't harm lawn grasses. The same effective formula is available in Antrol's Squeeze 'N Weed, for spot treatments or those areas which are beyond the reach of your garden hose.

If you're planning a hike or picnic to a wooded area where poison ivy may abound, there are protective creams you can use on your arms and legs before venturing forth. If you don't take this preventive measure, wash thoroughly with yellow laundry soap if you suspect you've been exposed to poison ivy. The strong soap helps counteract the poison before it enters the pores. But don't waste any time — the poison exuded from these shiny green leaves goes to work fast.

Should you unfortunately become infected with poison ivy in spite of your precautions, the dermatitis pretty well runs its course in spite of any treatment. Try Calamine lotion or a hot bicarbonate of soda solution on the affected parts, and be more careful next time!

BURROS

Burros have a very broad diet, reports the National Automobile Club. They have been known to masticate broken glass, newspapers, rags, and tobacco.

WINNERS of the Daly City Juniors Baseball League are the Art Colvin Broadmoor Youth Association horseholders. From left to right (bottom row): Coach Tony Contreras, Bill Frish, John Bennett, Ken Torre, Mike Earnshaw, Ron Calavano, Gary Mendosa and Coach Ken Amato. Not pictured is Dan Dempsey. This same group of boys won the midget league title in 1958-59. The Junior League title was won after a three-game play-off. BYA defeated New Pisa, 1-0, and Excelsior, 5-2, to capture the crown.

BYA Juniors Win Loop By Nipping Excelsior

Art Colvin's BYA Juniors annexed the Daly City Junior League Championship on July 6 by turning back the Excelsior nine, 5-2, before a large crowd at Marchbanks Park.

Mike Earnshaw's three-hit, 10-strikeout pitching, along with good glove work by Gary Mendosa, Ed Perry and Bruce Hix accounted for the victory and pennant.

Alan Contreras, Hix and Mendosa contributed doubles during the BYA's eight-hit attack. John Vocke's squeeze bunt with the bases being loaded—and all hands being safe—added to the thriller.

After BYA scored one run in the first frame the Excelsior came back with two tallies in the third inning. BYA tied the battle in the sixth and won by scoring the deciding run in the seventh inning.

Plans are being made with sponsor Art Colvin for a dinner celebration for the team members.

It marked the third straight year that a Grove Mohr coached San Francisco team had been whipped by the BYA. Mohr is noted for his bringing home championships in San Francisco but the lads coached by Randy Hix and Tony Contreras edged his Excelsior nine.

Hix and Contreras plan to enter a club in the summer league with some added players to make up for those who will be on vacations.

BROADMOOR POST 824 SPLITS TWO THOUGH PITCHERS SHINE

Broadmoor American Legion Post 824 received excellent pitching over the past two weeks but had to settle for a split, blanking Millbrae, 6-0, on July 10, and being nudged by Redwood City, 5-4, on July 3.

Barry Krohn was the loser in the Redwood City game though he chucked six innings giving up but one hit, whiffing 6, and not walking a batter. Two unearned runs caused him to absorb the loss. Both times, third strikes were dropped allowing the runners to get on and they each scored as errors were committed.

Harry Brown tossed the final three frames, surrendering five hits, three runs, four walks while striking out two.

Broadmoor had but one run tallied as Rich Morales singled and beat a path home on Scott Shackleford's double—going in-

to the final frame. Base hits by Bruce and Billy Hix, Krohn and Morales were not enough to pull the "fat out of the fire" as the rally fell one run short.

Terry Christman handled the slab chores like a veteran in the 6-0 whitewashing of Millbrae. He tempered two hits with five walks and 11 strike outs to gain the victory.

Broadmoor's six runs came off six base hits. The big inning for the locals was the fourth. Morales, who had singled, and Christman, who had walked, moved up a base as Krohn sacrificed. Scott Shackleford picked up two runs batted in by doubling.

Morales, 2 for 4, and Shackleford, 2 for 3, led the hit attack. Morales long triple in the fifth scored Gary Mendosa with a "helper" run.

NEW PISA WINS, 2-1

DALY CITY POST 410 SWEEP ASIDE BY 10 RUN SIXTH INNING

Daly City Post 410 got a pitching performance from Stan Montalbo that was smooth as glass for five innings before the tidal wave-type onrush struck last Sunday at Burgess Field in Menlo Park.

Menlo-Adobe Post 828 swamped the locals by tallying 10 times in the bottom of the sixth inning. Montalbo had allowed but one hit before the Menlo batters reached the crest of their attack. Jack Fuertes came in to relieve but he was badly submerged also, allowing four hits including a home run.

The big inning featured six hits, two walks and three errors by Post 410 fielders. The Daly City nine outthit the victors, 8-7, but lost the ball game 13-3. In both the fourth and sixth innings, Steve Mezera's crew had the bases loaded but were unable to bring runners across.

Stan Montalbo, 3 for 3; Fuertes, 2 for 4, including a double; and Bobby With, 2 for 4, led the losers at the plate. Legion Post 410 committed four errors while Menlo had one chalked up against them.

Post 410 ballplayers, performing under the banner of Dante's New Pisa Restaurant in the SF Saturday Baseball Managers Summer "B" League, edged Wally's Forklift, 2-1, last week at Funston.

All the runs in the game came in the second inning. Stan Montalbo led off the New Pisa half of the frame with a gargantuan clout. The ball traveled approximately 360 feet in the air and rolled past the other diamond as Montalbo circled the bases. Dante's wasn't through yet as Mike Kennedy gained first base on an error, advanced to second as Bob Miller was hit with a pitched ball, and scored on John Souza's single.

Miller's Pitching was superb. He allowed but four hits, walked three and hit one batter. He struck out five men in the seven-inning game.

Dante's will meet the San Francisco Seals at Graham Field at 11:30 a.m. Saturday. Mezera's team is 1-1 in the Saturday league.

Hughes Texaco Tops Midget Loop

Hughes Texaco 6-1 record was tops in the Department of Parks & Recreation's 1960 American Division of the Midget League. Hughes clinched a first place finish with a resounding 14-0 win over the OLM Cubs.

The Cubs, OLM Cardinals and BYA Flying "A" ended regular league play tied for second place with 5-2 records. Playoffs for second place started July 8. Scores were not available at press time.

Pacific Sportsmen Will Correct Rifle Sight Deficiencies

With the coastal deer season opening soon, the Coastside Sportsmen's Rifle Range at Linda Mar, Pacifica, is open daily from 9 a.m. to 6 p.m. Members will be on hand to assist would-be hunters in sighting in their rifles, both iron-sighted and scope-mounted.

The range fee is \$1, but that is small charge to pay to eliminate the bugaboos of missing a set-up shot because of defective sights.

SPORTS SPIN

By LOU LUCIA

ALL IS NOT SQUARE IN RING: Boxing has taken a hard right to the jaw and is veering, dazed and off balance, from the combination of oral punches levelled by Jake LaMotta that hit at the heart of the fisticuffs "square" ring. LaMotta proved that all that happens in the ring is not "square" but rather more like a merry-go-round with the big better deciding the "round."

BLACKOUT BUT NO GREENOUT: During the Ingemar Johansson-Floyd Patterson tete-a-tete for the playboy title of the world, one theater that was showing live pictures of the fight had a blackout. Five minutes later the pictures were shown via video tape. It is our contention that all patrons should have received their money back. They paid to see the show as it developed, not a movie. They no doubt had the results before they saw them. The blackout should have had the manager of the theater with his greenout.

MACHEN WAS KNOCKED OUT TWICE: San Francisco's sometimes classy heavyweight Eddie Machen was knocked out when Ingo took it on the chin, on the canvas, and all over the place. Eddie had but one knockout against him, a one rounder suffered at the hands of the Swede. However, Patterson's annihilation of Ingo did the same to Machen. Reason: Patterson's manager Gus D'Amato has long sworn that Machen wouldn't get a shot at Patterson. It's our belief that D'Amato is actually scared that Machen could really turn the trick. When Machen wants not to fight there's few better and lately he's really wanted to mix it up.

HELD BACK, SHOULD HAVE USED IT: Carmen Basilio restrained himself from hitting the referee during the championship middleweight bout with Gene Fullmer but perhaps he should have taken out his ire on the "third man." Carmen is too "charmin'" as a mid-weighter. We believe he's all through in this division. Basilio's right to the chops at the ref would have finished him as a fighter. He would have been barred for life. Non-eyebrowed Carmen should give up for his own good.

UP, DOWN—UP, DOWN: Most knockdowns in a fight were recorded way back in 1909, before the three "lifting yourself up" in one round rule eliminated you as a TKO victim. On April 17, 1909, Joe Jeanette and Sam McVey played the lead in the gloves routine. Jeanette was dropped 27 times while McVey picked himself up 11 times. Jeanette won by a knockout in the 49th round. Like good wine, "It takes time."

FIGHTING CHAMPS, HA! HA!: Boxing moguls have tried to enforce champions meeting challengers within six months, but this is as hard as trying to force a toothpick through cement. The champ could always call off a fight because of illness and many times, lately, that has happened. Reasoning here is that as a champ the kingpin is in the limelight—and under the TV light for razor blade commercials. A more "mandatory" ruling is needed. Say, six months with no "ifs, and, or buts." "Buts" referred to is not the type that sometimes go into the ring "billy-goat match."

LOT OF TALK, NO ACTION: If most boxers were as good with their fists as they are with their mouths the ring would be stock-piled with up-ended physques. Each fight, however, both participants claim they will win by a knockout and one has to be wrong. Let's hope for a double knockout so both will have their wish.

Don Figini, Husky 12-Year-Old, Fires 386 Series At Local Bowl

The big news of the week at the Westlake Bowl was the 386 series shot by Don Figini. Don, who bowls in the Bantam Boys Saturday league, is a husky 12-year-old. His games were 189-197. Both scores qualify for the American Junior Bowling Congress High Game award.

Don can give some of his credit to Eddie Kellet who paced him all the way. Both bowlers started with a "turkey" in the first game. From that time it was a race which ended with Eddie playing second fiddle, even with his record breaking 316. The previous Bantam high series for boys was a 313, held by Craig Headman.

In other league bowling, Glenn Stanberry was high in the Junior Boys with his 130-201-188 for a 519 series. Fran Rogers was throwing her fastball with real accuracy as she topped the scores for the Junior Girls with a 189-120-137, 448. Newcomer Judy Oliva continued to lead the Bantam Girls as she posted a 117-143, for a 262 series.

Toni Pinelli was right behind Judy with a 260 series. In the Bantam Boys Class "B" league, the morning leaders were Roy Hannah and Bobby Reinherz, with series totals of 262 and 257 respectively. Frank Knowlton, a candidate

for the "Westlake Bowler of the Year" award was right up among the top scores in his league with a 135-154 for a 289 series. Frank is the president of the big 12 team Bantam Boys league.

Steve Funai was the high man in his league for the second week in a row as he came in from the lanes with a 513 series. His games were 145-180-188.

The Westlake Senior match game team lost a heart-breaker to a very impressive Sea Bowl five last Saturday afternoon. The first game was won decisively by Westlake with an 88 pin margin.

The Westlake team rolled an 898 first game to the Sea Bowl's 810. Sea Bowl then came back with an 835 second game to make it one apiece for the match. The deciding game went right down to the wire with the Sea Bowl winning it by one pin; an 816-815 game. The Sea Bowl brought with them a boy by the name of Jon Marshall. Jon gave the crowd a real demonstration of form bowling as he rolled games of 219-211-208 for a powerful 638 series. The return match will be held July 17 at the Sea Bowl. High for the Westlake team was Jim Pinelli, with a 536 series. Steve Funai followed with a 518.

Parks Commission Commends Local Coaches, Sponsor

Daly City's Parks and Recreation Commission sent letters of commendation to Lowell Creighton Sr., Harry Krohn and Tom Bournellis recently.

Creighton and Krohn coached Daly City Drugs to the championship last summer while Bournellis sponsored the team. The players were from both Jefferson and Westmoor High Schools.

In part, the letters of commendation stated, "Today, that same group of boys who started playing with you are now wholesome teen-age high school athletes at Westmoor and Jefferson. They are displaying rewarding results of the many sparetime hours you and your assistants have devoted to them."

"We were pleased to learn that so many of the boys that competed with the Westmoor High School baseball team, which won the 1960 Peninsula League, were former players of the Daly City Drugs."

The letters were signed by Parks and Recreation Commission Chairman Louis J. Larcombe. Other members okaying the commendations were Edmund Cavagnaro, A. R. Elston, Wilford O'Rourke and Ann Eason.

San Pedro Lunch Captures Title

Undeclared in eight games, San Pedro Lunch won the championship of the National Division of the Department of Parks and Recreation's 1960 Midget League last week with a 4-2 win over Visitation and a 15-5 triumph over the BYA Tigers.

Jerry Benson's four hit pitching was backed by a solid defense and a double by Jeff Becker who drove in two runs in the defeat of Visitation.

Parkmerced took second place honors with a 7-1 record when they dumped OLPH 17-0. Heintz and Portnay combined pitching efforts to throw a no hit.

Thompson Records 17 K's in BYA Win

Broadmoor Youth Association's Midgets were led by the outstanding pitching performance of Billy Thompson who recorded 17 strikeouts while mowing down Holy Angels, 5-4.

A "suicide" bunt by Charley Morgan and a sacrifice fly by Gary Rodriguez were instrumental in the win.

The BYA team is coached by Rock Kubowitz and Frank Rodriguez.

DC DRUGS TOPS FIRST WEEKS OF SOFTBALL

The Department of Parks and Recreation's 1960 Adult Softball League ended its second week of play with the Daly City Drugs holding undisputed possession of first place.

The Drugs won their second start in as many games when they walloped the Eagles, 14-5. "Shorty" Lamas scattered 6 Eagle hits and collected three hits himself.

Sarto A.C. won their first game by drilling Consolidated Schools, 10-1. Sarto's pitcher, Bob Heinsohn, had a no-hitter the first five innings. Dean Prince picked up two hits and stole two bases to stand out for the winners.

Corina Cleaners and the Recreation Department hooked up in a free swinging affair that featured four home runs. The Cleaners scored 17 runs to the Recreation Department 13.

Pat Cassidy hit two home runs and Ken Mattea a bases loaded shot for the winners.

Dave Ashworth hit a two-run homer and Chuck Vincent tripled with the bases loaded for the losers.

ADULT SOFTBALL	W	L
Daly City Drugs	2	0
Corina Cleaners	1	1
Sarto A.C.	1	1
Consolidated Schools	1	1

UNION

Happy vacation

from the

Sparkle Corps

Wherever you travel in the West, your best stop is at the sign of the 76.

Union's "Sparkle Corps" of service station inspectors has been there before you, to make certain every station is clean and safe, with spotless rest rooms.

Result: The housekeeping is as good as the Union gasolines and the Minute Man service. That kind of reassurance helps a lot to insure a happy vacation!
